### APPARITION OF CHRIST JESUS DURING THE 61ST MARATHON OF DIVINE MERCY, IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Place in My Heart what you need most.

Open your heart to receive My Mystery, the deepest revelation of My Love for you, and quench the thirst of your spirit from the Fount of My Heart.

Shelter yourself in My Mantle in the harsh winters of the desert.

Warm your soul with My Fire and transform all doubts into Light.

Remove from your interior everything that weighs on you and hold me tight to feel My Strength.

Abandon me, but not as you think.

Embrace me with joy so that I may empty you.

Dissolve from your interior everything that does not want to be transformed yet.

Take refuge in Me and feel the joy of living in God.

Leave the world and enter into Me, because in this way you will know what I need, so you will receive what I have saved for you, and your soul will vivify the greatness of being in God and receiving His Kingdom, from time to time, without limits or forms.

I want you to deposit in My Heart what you still do not understand, I want you to remove from you what you still do not accept, because all that you live is what you have cultivated in your life, nobody has responsibility in that.

Everything you experience is part of a transformation, just as I transformed the human condition.

When I ask you to abandon Me, it is not for you to leave me, but so that you surpass Me in love, because someone must do something greater than what I did.

And I will stop being your Master when you have learned what the Universe needs, and in this way, you will open the door so that new masters are able to guide you, who exist in the Universe and are part of My Brotherhood.

Until you reach the great Avatar, you must go through many masters, because many schools are experienced in the souls that choose to follow me.

Never miss the opportunity to learn and to grow, in the sincerity of the works, in the purity of the feelings.

Never miss the opportunity to learn and to grow, in the sincerity of the works, in the purity of the feelings.

Great Masters wait to guide humanity. Their Silence is already eternal, but it is time for them to speak to bring the great revelation, in the end of these times.

They know their dwelling places. They obey My Principles and thus unite with all the Laws. They live in perfect harmony with the three planes of consciousness: spiritual, mental, and material, and are part of that great chain of Light that vibrates in the heights of the Universe, in the heavenly vault of the Hierarchy.

They have intervened many times in humanity. Many in the East and some in the West.

The mastery of the great Masters is sovereign because their essence is based on Love-Wisdom.

Each one comes from a special sphere of the Universe, each one has emerged from a great experience they had in recent times.

They are the masters of loyalty and of wisdom.

They make up one of the seventy-seven Wills of God and in their inner world envisage the expression of one of the Holy Names of God, Adonai.

For the Masters, Knowledge emerges from the Source of Wisdom.

Service for the Universe makes them humble and resigned, in likeness to the Master of Love. They have prepared for this planetary moment and have visited the world many times, to learn about the existence of this humanity and what My Father has conceived of for this human Project

And so, you are all part of a story that is being written in a Sacred Book; you are part of a story that tries to be corrected, aligned, and be united with the Universe.

The Masters are emanations of Love-Wisdom and they know through their experience, the christic life.

They were in Shambhala and then in the heights of Peru.

They know all human history, so similar to the palms of their hands, or the lines on their faces.

Wisdom has been achieved by them; It is the fruit of the Love of God, because they try to carry forward His Will: holy, full and peaceful.

They will come to the aid of those who say 'yes', no matter where you find yourself or where you are. They will meet you to take you to the Truth.

They have been designated by the Eternal Father, through the Archangels who created them, to

help the humanity at the end of these times, to safeguard the Project of God, as well as the Father once protected you through the incarnation of his Divine Son in the humble manger of Bethlehem.

They had knowledge of My Birth, they honored My Presence and bowed down before the Son-God; there they were initiated for this moment, for this transition of the Earth and this change of cycle in humanity.

Now they will call everyone by their origins and thus awaken the talents of Creation, they will teach deeper things than what I have taught because they already live them, they are part of them.

They have something inextinguishable on their breasts. With their hand they trace the line of the Brotherhood. They are known for their wisdom and discernment.

Any humanity existing in the universe knows who they are, because they emanate what they truly are and what they have transcended throughout time, everything that has unified them in the great chain of the Confraternity.

They know the planet because they have contemplated it many times and they know about the history of this civilization.

In essence, they know what God thought of in the beginning and today they work in silence and in harmony in order to be able to support the ardent desire of God in humanity, that the men and women of the Earth come to know true happiness, which is not physical, but internal.

I Am one of those Masters of Wisdom and I have been present in the East as well as in the West.

Through My Words I am revealing to you a story written in the Mirrors, something that is being refracted to Earth at this time through the doors of the Universe that are open.

Aurora welcomes this information and this knowledge, and all internal beings prostrate themselves on the ground, for being in front of the Source of Wisdom, which has manifested many times in the world and in their humanity through the Masters who have incarnated to teach the true essence of Love and the Sacred Spirit of Unity, which is something that comes from the Eternal.

Today, the Lord of lords and the Master among masters brings you the synthesis of everything experienced on Earth and the loving contributions of Love that have come through the Masters to this humanity.

That is why there is still time to be able to rescue the world, even if the abysses are shaken in the world. Mercy is leading souls to redemption.

Receive this knowledge and remember it. This story is to be found in the memory of your cells, this legacy is in the depths of your spirits.

In truth, you are something totally different from what you truly believe you are.

The Masters will gather their disciples together and will emit their great summons to humanity.

Different races and people will be assembled and they will all be gathered together for prayer,

when the world is in its great definition and the moon will be clothed again in the color of blood.

From Mars will come help, and relief will come from Venus.

The Moon will be a witness to that moment, because its aspect will be completely transformed, as it never was transformed before. At that moment everything will have been said, the Masters will already be present on Earth to guide the last tribes that were self-summoned.

At that time no color, race, or nation will exist, all will be recognized by what is inside of them.

Thus, in this moment let the great Master polish you, for the Light within you must shine again.

Recognize the Master that you have so long searched for within you and carry out your great mission on Earth, because you will be called to serve in unexplainable situations and in climactic moments of humanity.

There is when I will see My Church emerge from the depths of hearts and My Word will be alive in you, My Fire will be eternal in each one of you, and that will move you to live the Plan.

Transform humanity with your acts of love, redeem the Earth with your examples of peace, and thus, with My own Eyes I will be able to see the New Christs emerging from the imperfections and the miseries, transformed by the Fire of the Holy Spirit, colonizing the Earth with new attributes, carrying the message of the great revelation and being carriers of peace.

For this reason, do not let yourselves be carried away by any message other than Mine. You must have discernment in the moment of hearing, that makes you grow in the Truth and will have you mature in Love.

In My Words are kept the vibrations of your destiny. Happy are those who adopt them and live them because they will be transformed and will not allow themselves to be defeated by anyone.

Be intelligent and you will be able to live the Plan.

If I am here, it is because the Plan continues, otherwise, I would not be here and the Plan would not be fulfilled.

Follow the Law of the Hierarchy and you will be in the necessary protection.

Those who are not here is because they have not understood Me, but I will be the one who will judge them.

Now it is time to move forward and to advance.

There are still souls that die without seeing the Light, there are still hearts that do not receive love, I am still in sick bodies, that need healing.

I am still in the world waiting for you to recognize Me in the one who has been forgotten, in the brother or sister who is imprisoned, in the heart that has closed, out of fear and apprehension.

I give you the authority to love the world much more than I loved it, I still hope that you can take

that great step.

The Kingdoms of Nature still wait to be more loved.

The New Christs will not just be human, the Creation that already exists will also be able to be the new Christic life on the planet, completely redeemed and healed by the hands that give of themselves to serve it, and the hearts that surrender to love it.

The planet waits for your unconditional love and for your great awareness in support of its restoration.

Everyone has a place to serve and to be able to grow in love. That is why My Arms are open for all, and My Heart is expanded for all. It offers itself as a refuge for your redemption, for the dissolution of doubts and blame, of the misunderstandings and incomprehension.

Whoever is in Me, will be in the Light of God and will be able to renew yourselves until achieving your great awakening.

Closing the doors of universal knowledge, I open the doors to the sacramental ceremony, so that the celestial Church may descend and the Sacred Will be carried out.

The time is coming when you must review My Words many times, because I will no longer be able to continue speaking to you.

All I have given you is all that I Am, but there is still to be revealed the great mystery of the Son of God, of Who He truly is. When I returns to the world for the second time, there you will get to know this revelation, and everyone will be aware of this.

Let us be immersed in the Celestial Church.

Let us adore the Sacred Heart of the Father, let us glorify His Name together with the angels of heaven, so that souls may merge into your pure and original essence. Amen.

*We can stand up for the consecration.*

This is the Body and the Blood of Christ that always renews you, unconditionally offered for the healing of souls and as a balm of peace for all hearts. Happy will be those who avail themselves of Them in this Sacred Sacrament of the altar.

*Lord, I am not worthy of You entering my house,*

*but one Word from You will be enough to heal me.*

*Amen.*

*Our father...*

*Please come up here, Guissepe, Luci, and Mateus.*

May Your Power, Father, descend through My Body so that souls may vivify the wholeness of

Your Spirit.

Father, may Your Grace descend through My Blood, so that souls may be washed of everything and be reborn in the sublime Fire of Your Love. Amen.

---

*Celestial Father Who leads everyone,  
accept our offering of surrender to You.  
Guide us on the path of love  
so that Your Will may be done.  
Amen.*

---

In the name of the Father, the Son, and the Holy Spirit. Amen.

I will go to Heaven with My task accomplished, full of the love of those who are self-summoned in My Name, carrying this experience of transformation to the Thrones of God, so that He may contemplate it in His infinity of Grace and of Mercy.

And now, in the name of love and of sacred unity, you will give each other the greeting of peace so that peace may expand to the Earth.

I thank you for having been with Me on this special anniversary.

In the name of the Father, the Son, and the Holy Spirit. Amen.
