APPARITION OF THE GLORIFIED CHRIST JESUS AT THE LIGHT-NUCLEUS IMMACULATE HOUSE OF THE RELIEF OF SUFFERING, SÃO CARLOS, SÃO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE SECOND DAY OF THE MARATHON OF DIVINE MERCY

In the name of the Father, the Son and the Holy Spirit. Amen.

After My Resurrection and right after My reappearance to the apostles and the holy women, the Eternal Father asked me, at that time, not only to train apostles in priesthood, but also that, through the divine inspiration of My Most Holy Mother, a great service network might be established on Earth, a network capable of inspiring all followers of Christ throughout the times, so that they might live under the same Law of spiritual and material service.

Because in the Law of service to God, not only does the soul find liberation from itself, but it also internally has an encounter with Divine Pity, a favorite emanation of the Divine and Unfathomable Mercy.

After My Most Holy Mother instructed the apostles on service and charity, the next Christian communities that existed in those times gave continuity to the work of service and spirituality, which is what the Divine Hierarchy has tried, throughout the times and centuries: to lead humanity to the path of service as a path of its own liberation.

Therefore, companions, so that you may learn to understand if it is the true Hierarchy who speaks to you, contemplate with your own eyes and throughout the times if the true works of service sustain themselves on their own, because if this happens, it means that it is an authentic work.

And you, My friends, have been called throughout the years and times so that, through the founder of this Work, you might not only enter the path of the elevation of consciousness and of awakening, but also that on your own paths you might find the integral life of service, a life that has no interests or conditions, a life of service in each heart that only expresses love for God and the Plan.

And many of you have been participants in all this throughout the years, beginning with My dear Community of Figueira, formed by the souls that at the beginning were self-summoned to be authentic founders of this manifestation on the surface of the Earth, which does not belong to anyone, but only to God and His Plan.

This is why I have spoken to you in recent days about turning back to the origins, to the true roots and attributes of the spirituality of Figueira, which inspired and manifested all that which God needed in that time.

And this was so important and outstanding, that this manifestation, a part of God's Will, continued to expand throughout the times by means of new communities and nuclei of work of the planet.

Because God, companions, does not work on things that are grandiose or exhibited, He works on what is smallest and most insignificant, in what is most silent and anonymous.

And I repeat it again so that you may have clarity about it, and above all, register it in your consciousnesses, so that you may learn to differentiate what is the true Work of God from what is not. Because in this world, and above all in this time, many apparent opportunities are offered to all.

Then what is the true path to follow?

It is the path of the heart, the heart that truly unites to the Hierarchy, to become and be converted into a pure instrument that can be empty all the time, so that the Laws of Divine Will may intervene through this instrument.

I want you to know, My companions, that just as the holy apostles and holy women lived service in an authentic way, all of you and your brothers and sisters in the whole world are called to live under the same school and with the same goal, so that Divine Pity may be present on the planet and in the human consciousness, so that it may not be necessary for the Law of Divine Justice to descend upon the world, so that suffering and misery may be relieved by Mercy, and the souls of the world, as many souls as possible, may attain the happiness of serving God, rather than the constant sorrow of suffering without emerging out of this point.

This is why I come today to make a special request to you: I wish that, throughout the coming times and above all throughout the next cycle, that which you have consecrated as Fraternal Serving Project may multiply in this Work and in all the places where this Work exists.

I need the Work to be renewed through service, that all may follow the same path and the same principle. This, companions, does not nullify all the works that continue to happen through this Work, all the opportunities of service even to the Kingdoms of Nature.

The Fraternal Serving Project has been an anonymous, I would even say, secret, example, of how, through authentic and true self-giving, the souls of the world, even families, recover the hope and dignity of feeling Children of God.

Remember that this is My main purpose: that through the Fraternal Serving Project, expanded into this entire Work, souls may find again the meaning of being worthy Children of God, just as you can be at this moment.

Why Am I asking you this?

So that souls may come out a little more from themselves and surrender in self-giving to others, to those who need the most, to the one who asks for help, so that souls may surrender for the one who has lost the peace and joy of feeling loved, from the little ones to the oldest ones.

Everyone can be benefitted by this project of charity, which, in essence, should be the same project for all, which is that of bringing to Earth the incalculable Grace of the Law of Service, which will help, in this time, Your Master and Lord to intercede for the lost humanity, to intercede in the face of the wars that take place today and cause thousands of lives to be lost in the world.

Somehow, all this planetary disgrace must be paid for and I have told you, more than once, that Our Sacred and Blessed Hearts no longer want to hear a child crying because of hunger, suffering or persecution, and that Our Sacred Hearts no longer want to see innocent blood being shed in the streets of this world.

Do you now understand the importance of this moment as a door that opens for the preparation of the Return of Christ?

Thus, beyond the interferences that have no support and defeat themselves, will not prevent the triumph of My Sacred Heart in the life of people, in the life of each human heart.

I want to bid farewell to this place with a luminous smile, with a Heart with gratitude; placing My Hand upon My Heart and the other Hand to bless you, so that, in the coming times, all can yield fruits in abundance and that your lives may be the true testimony of redemption and peace.

Thus, I bless again My little Holy Land, which will extend its bases and pillars in the coming time, which will guide again the hearts of this entire Work to live Fraternal Serving, the imperious need to serve out of love for those who suffer. In this way, you will give continuity to the Law of Service on the planet.

I thank you and I give you My Peace again.

In the name of the Father, the Son and the Holy Spirit. Amen.

My Heart has been restored by the joy and bravery of those who are consistent with Christ.

In God.
