WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN FÁTIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear and cherished children,

While humanity goes through its deepest, darkest night and many can no longer manage to see the Light on their paths, I call you to have gratitude for all that you have received from Heaven.

While deaths and exterminations tear apart the Heart of God for the innocent, and mainly for the children who die, I call you, children, to value deeply all that you have received from Heaven.

While many of My children replace family life, love and unity with modernities, I call you, children, to revere all the instructions and teachings you have received.

While the world, for the most part, experiences disasters of nature because it does not listen to the pain of Mother Earth and many children lose everything they have worked hard to build in a lifetime; I call you, children, to be grateful day and night that you still have a home where you can live and rest, a Community where you can be without worrying about having to work to survive.

While hunger, disease and forced exile strike millions of children around the world, I call you, children, to become aware of the Law of Providence and Manifestation.

Dear children, in the inequality that the world is experiencing, I call you to be equal.

In the excesses and ambitions that souls live, I invite you to balanced austerity.

In the lack of dialogue and in the escalation of violence in the world, I call you to dialogue, to listening and to respect your neighbor.

In the spiritual blindness in which many are submerged and in the resistance that many hold, even those who claim to follow Our Steps, I call you to openness of heart and repentance.

If you, children, at least consider each one of My Words, I assure you that you will help Me to help the world regain peace and communion with the Law.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
