WEEKLY MESSAGE TRANSMITTED BY THE VIRGIN MARY, ROSE OF PEACE, DURING THE JOURNEY FROM THE LOIRE RIVER REGION TO LOURDES, FRANCE, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear Children:

As the Immaculate Conception, I come on this day so that I may go with you on pilgrimage to Lourdes, so that, spiritually, we may gather the Water of Life that will purify the planet and all human consciousness.

With the Water of Life, the Mother of God will purify souls, so that they may recover the innocence that is so necessary and that is disappearing from the world.

Dear children, I will take you by the hand to Massabielle so that, like Bernadette, you may wash your faces with the healing water of Lourdes, because by washing your faces you will be washing away the sins of humanity and the offenses that the planet receives.

My children, your Heavenly Mother returns to Lourdes to pray for the sick planet and for the dissociated human mind, so that the creatures may recover peace and goodness, the inner communion with the Divine Laws.

I come once again to Lourdes to make known to the world the way of reconciliation and to remind My children that inner healing is possible. Thus there will be a more peaceful and less vengeful world, thus there will be a more fraternal and less indifferent humanity.

I will pray in Lourdes for the healing of those who have not yet experienced it, because it is My desire as a Mother that all may have the Grace to be healed and redeemed.

I thank you for responding to my call!

Who blesses you,

Your Mother, the Virgin Mary, Rose o Peace
