**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FRANKFURT, GERMANY,
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Enter into prayer and cry out to the Father so that He opens the doors of His Kingdom within your own heart.

Place your attention in the depths of your essence and, as one who returns to his parents' house after a very long time, go with joy to meet your Creator. Feel His Love waiting for you; feel the spiritual warmth of His Presence. His Mercy fills all the spaces of your being.

Get onto your knees at the Feet of God and embrace Him spiritually. Tell His Heart your most sincere confession, repenting of your most hidden sins, and ask the Father for the Grace of being in Him and with Him, at each moment of life.

Receive the balm of the forgiveness of God and strengthen your faith. Then, cry out with a pure heart for those who most need it in this world. Do not forget to pray for the Kingdoms of Nature and for the sinful souls who get lost in the abysses of their own ignorance.

Ask the Father in the name of all life, of all human consciousness, that the light of His Wisdom permeate His Creation through His divine Mirrors, and that this same light may be reflected onto you.

Understand, child, that at the feet of God, in your essence, is kept the key for the transformation of all things. Do not seek outside of yourself for the relief of your heart, when within you is found the door to be in God.

Receive from Him the blessings for the concretization of His Plan and, more than that, to intercede for this world.

Return then, to the House of the Father with your heart in peace, in the certainty that your consciousness remains there, for He is in you. Live in God.

Your Father and Friend,

The Most Chaste Saint Joseph
