Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Dear children,

In spite of your errors and tests, I will always be Your Heavenly Mother because I understand you, I fully accept you, I love you, and I help you accept the time of your purification.

For this reason, children, I come from Heaven every day so that you believe there is a Greater Life that evolves, and that participates all the time in the Kingdom of God. Everything you experience, think and feel in your material life represents a very small part in light of the macrocosm, which experiences another reality greater than yours.

My dear children, be patient with your tests. The world is stirred up, sinful and indifferent; this separates you from the true reality that exists in the higher Heavens.

Today I invite you to put your mind in the right place, and that does not mean you isolate yourselves from the reality of your purification, only that you use the ray of intelligence to avoid wasting time on things that have no meaning or purpose.

If you were the ones who had to deliver the message of peace to the world, before communicating it, I assure you that, like the Divine Messengers, you would see the serious situation of this humanity, which still insists on practicing things that are outside the Law.

My Heart brings you a lifeline. When there is true repentance, many recurring situations can be released, and this is possible through the action of My maternal Grace.

Dear children, once again I ask you to love your purification, and thus you will suffer less. As mature consciousnesses prepared by the instruction of My Son, experience the end of this time, free of all evil and willing to concretize greater tasks. My Heart will always help you, when you simply invoke Me with the prayer of the heart.

I thank you for responding to My call!

Who consecrates you to the Great Spirit of God,

Your Mother Mary, Rose of Peace
