**Daily Message received in the Marian Center of Figueira, Minas Gerais, Brazil, transmitted by Saint Joseph to the visionary Sister Lucía de Jesús**

When old spirits congregate to take on their commitments and finally live an awakening, the whole Universe contemplates the Earth.

The awakening of consciousness happens in stage and in each one of them some veils are torn, and the being draws closer to the truth about themselves, about the Earth, and about the purpose of the existence of all life, from which humanity drew away from so long ago.

In each cycle that goes by, and the closer you get, as an evolutionary project, to your final goal, the more intense are the degrees of awakening, the more intense are the impulses received, and also more intense must be the need, which pulses within beings, to respond to God.

This need comes from your souls, which become agitated as they draw closer to the path of return to the Heart of the Father and to their universal origin. Because souls indeed know the Divine Purpose, and when they are properly awakened, they deeply aspire for it.

Thus, today I come to tell you to be attentive to the impulses of this time, open to experience them and be ready to let your souls express themselves in their response, experiencing a profound and absolute transformation.

Let yourselves be guided by the defining impulses of these times, through the heart that elevates toward the consciousness, and with the consciousness in God, you will manifest His Will.

I leave you My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
