DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN JOSÉ IGNACIO, PUNTA DEL ESTE, MALDONADO, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Children,

I wish you to wake up every day to the Omnipotent Consciousness of God and that from there, in the Universe of the Love of God, you can live His Will.

For this, dear children, I invite you to look every day for the Sacred Purpose of God; a purpose that very few of My children are fulfilling, since the majority is in the world of distractions, of sin, and of the external life.

Children, I have already taught you through the prayer of the heart that you can unite with the divine life of the angels and archangels, and of all those who are blessed. My purpose, beloved children, is for you to find the path of Will, and do not miss the opportunity of learning and maturing in Christ.

The less you live this Will, the greater will be the repercussions of the purification and the tests on the consciousness, and I assure you that this will go way beyond intellectual and material capacities.

I wish you to be able to fulfill the Sacred Will, not only through love, but also through unity and brotherhood. As your Heavenly Mother, I expect that by means of your union and fusion with the Holy Spirit, you reach celestial spheres, which are waiting for you in order to help you concretize the mission on this planet

It is for this reason I come in these times to ask the minority to take on the majority of the work; I wish to see you strong on the path, and humble in your ideas.

Children, I am the One who guides you. I come from Heaven to bring you My Peace. Follow My steps. I will not cause you to suffer; I will cause you know the Love of God, a Love that every day expects to transfigure your lives.

Dear children, at least think about what I tell you; My Heart will always understand you.

I thank you for responding to My call!

Who unifies you in the highest Will of the Creator,

Your Mother Mary, Rose of Peace
