MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF FATIMA, PORTUGAL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The Revelation of God to Humanity

The Revelation of God to humanity, My children, is eternal and begins when the human heart is maturing and awakening more than in wisdom but, in humility.

The Revelation of God to humanity happens when the heart is simple and recognizes its own smallness, not limiting the divine wisdom and existence to its comprehension and to everything that has already been revealed.

The Revelation of God to humanity does not stop, but from the patriarchs to the present day it deepens and only culminates in the full unity of the being with God, in their return to the origin.

Humankind itself is the Revelation of God.

It is the true self-knowledge, which is not a human science, but a spiritual and divine science, that leads you to the Revelation of God Himself.

At the same time, humans beings are the closest creatures to God, yet the most distant.

The divine presence within you and the unity that you hold as a silent potential in your essence makes you close to God. However, My children, ignorance and indifference push humankind away from themselves, from what you truly are, and consequently move you away from God and from the Truth.

The Revelation of God to humanity happens with the awakening of thirst for superior life, with the discontent of the spirit with all that life in matter offers to it, with the discontent of the spirit with its own expression in life.

When the spirit is discontent with itself and with the world, it moves within the being so that this spiritual discontentment impels the consciousness to seek superior life, to deepen in the awakening and the self-knowledge that, in truth, is the knowledge of God within you.

The Revelation of God to humanity deepens as human consciousness evolves, and what for the patriarchs was an inexplicable and incomprehensible feeling of God, and only an experience of God, without explanations; at this time it can become a profound and scientific revelation of human existence and of the existence of God.

The Creator Father is simple, and in His simplicity He keeps His Mysteries. But the human mind places barrier over barrier to know God, and few are the ones who deepen in His Presence.

This, My children, is the time of the Revelation of God to humanity, because a new cycle is

coming, which will be culminating for human consciousness.

The time has come for history to be renewed.

The time has come for the new prophets, the new apostles, the renewal of holiness and faith in the human heart, because just as God awakened and raised the prophets and peoples of pure faith in the past, in order to prepare the birth and the coming of His Son to the world, also today, My children, peoples and nations, hearts and spirits will raise to prepare again the arrival of Christ into the world.

The return of your Lord will be definitive and will mark the end of a time, because the last words of the scriptures will be fulfilled, and the Gospel that He left in the world will be renewed by the new revelations that the Son of Man will bring to the Earth.

His Word will be life and will reveal to the world the superior Truth, to which many have been blind, though it has always been here.

Before the arrival of Christ, just as in the past, the Revelation of God will be given first to the prophets of the new time, and the universal Gospel of Christ will begin to be written with the truth that is already emerging in the hearts of humankind.

The New Testament is being fulfilled at the same time that the Revelation of God to humanity is deepening, so that you can write the New Scriptures; the Laws that will dictate the new life.

Open your hearts to the Revelation of God, because everything is being said to awaken and to prepare the hearts and spirits of humanity for this new and definitive cycle.

I love you and bless you,

Your Mother Mary, Rose of Peace
