Daily Message received during the journey from the Marian Center of Aurora, Paysandu, Uruguay, to the city of Santa Maria, Rio Grande do Sul, Brazil, transmitted by the Glorified Christ Jesus to the visionary Friar Elías del Sagrado Corazón de Jesús

My Consciousness does not come from this world, I emerged from a Source very similar to a pond of light. I came to the Earth for a purpose that was fulfilled and I shall return to it for a mission yet to be accomplished.

For this reason, I must have apostles in the last times to be witnesses of the advent of Christ; within them, I forge Christic life, based on unconditional love for others.

I teach you to love life and to accept it according to the debt of each one.

I offer you a life free of oppression and calvaries, I have already gone through that school for each one of you. Now the moment has come for your hearts to go through the end of times with courage; thus you will learn to love much more than I have loved.

You will always have a Father Who will guide you and protect you, this is why He surrendered His Son so that the experience of love and of forgiveness could be a living reality on the entire Earth.

Now it is up to My disciples to be witnesses until the end.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
