DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN REDWOOD, CALIFORNIA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Come to know the unlimited Love of God through the union with your Creator and you will understand the vastness of His Creation and the perfection with which your Lord fills the details, the paths and the dimensions with mysteries by uniting His Consciousness with the consciousnesses of His children.

Come to know the unlimited Love of God for life and upon discovering the greatness of His Creation, you will not be surprised. Infinite are the forms that the essences received from God in order to fulfill His Purpose and recreate life.

However, child, to recreate life is not only by beginning a new Creation from zero. To recreate life means that the evolutionary spiral has reached a higher point and, from there, closer to God, a new cycle begins.

Contemplate and come to know the unlimited Love of God, and you will not be surprised when you discover that, more than just sending His Son into this world, the Creator sent many more of His companions and He also created other worlds, other races, other lives so that in the perfect expression of each one of them, they would complement and help each other to grow and return to His Heart with a renewed love, multiplied and matured through the overcoming experiences.

Thus, contemplate and come to know the unlimited Love of God, and also be unlimited in your understanding, in your openness, in your giving of self and in your surrender so that, someday, child, more than just contemplating and knowing, you may experience and become the unlimited Love of God.

You have My blessing for this.

The Most Chaste Saint Joseph
