WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF BERLIN, GERMANY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

Just as the Light of God eradicates pain and suffering from the past of the nations of the world, in the same way, My Immaculate Heart prevents disaster and chaos from being installed in humanity.

For this reason, I come to the world and descend from Heaven as spokeswoman and Messenger of God to call His children to the moment of awakening of the consciousness and to the importance of the moment of protecting and taking care of the planet.

Dear children, today your Heavenly Mother accompanies the task of Her Son with love and devotion, so that the fruits of conversion and of spiritual healing may be established in those spaces of humanity where peace, good and charity have been absent.

Through the unfathomable Divine Mercy, God grants the world a time of repentance and of penance so that the change of consciousness may be truthful and not temporary. May this change remove the nations from their places so that the well-being, which certain nations experience, may be equally shared with the nations that are exploited and subdued to the world system created by humankind.

Therefore, children, your Heavenly Mother arrives in places where such awakening will enable the change in all of humanity. Thus, indifference will be dissolved from human consciousness and everyone will be able to live in fraternity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
