DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Child,

Allow your heart to know the gift of faith. Let this faith break within you the barriers of doubt, of indifference, of the need to keep the appearances before the world; let it break the barriers of impossibilities, fears, vanities. Let yourself be filled by the faith that transcends the comprehension of the mind and does not find a confirmation of its existence but in the depths of the heart.

There is no scientific evidence that confirms the action of faith and often you want to explain the miracles caused by it as a way to dissolve its merits in the human life. But faith, per se, child, is a great miracle.

When faith is established in the heart, it is a sign that this heart has already won many barriers within itself and that the consciousness has already treaded a certain path of transformation and of union with God to arrive there.

Faith is born without obstacles in the simple of mind, of heart and of spirit, and in them it expands each day, transforming itself into a source of love and graces for the incredulous and the desperate.

Those who have faith and let themselves be filled by it become, sooner or later, vehicles of the divine Grace for other hearts: faith itself, covered by Grace, makes miracles.

Child, what is called miracles in this world is nothing else but the action of faith in the human heart. If the one who needs a miracle, at some level, does not make their consciousness ready to receive it with faith, this miracle does not manifest itself, because miracles are the manifestation of Grace and divine Mercy, and if there is no attunement and affinity in the heart and consciousness, these Graces do not descend.

The universal Laws are a great mystery for the human mind, which ignores them almost completely. Only those who live under these Laws understand them.

Today, child, I call you to experience the divine principle of faith for you to receive from the Highest God the Grace you need in these times, manifested in a miracle of love and transformation, for you to fulfill your mission while it is still time.

Be willing to live the faith and ask for the Grace to receive it.

May the Father fill you with divine faith, transforming not only your small consciousness but also all of humanity, which, empty of faith and hope, does not find a meaning for life.

I bless you today and always.

Your father and companion,

The Most Chaste Saint Joseph
