**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRASIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Where there is life, there dwells the Heart of God, waiting to be manifested and expressed within the beings.

Where there is life, there dwells the Heart of God, sometimes silent and humble, hidden, in secret, just observing and waiting for the very distracted gaze of the beings to turn within themselves and find It.

Look, child, within yourself, beyond everything you already know of your own being. Go through the layers of the body, the mind, the consciousness, the subconscious and leave behind everything that the spiritual and human science has taught you so far.

Reach for what is hidden, what is unknown and whose presence was never truly unveiled, except only in The One who had opened the way for the Unity with God. The Father has only perfectly expressed Himself in His Son because the mission of Christ was to reveal to man the true purpose of his existence.

Child, Christ did not come to the world to say: "I am an example for you." He said: "I am the Way, the Truth and The Life."

If He is the Way, place your feet on this path. If He is the Truth, cross the threshold between the illusion and what is real and enter into Christ to find the Truth. If He is the Life, move away from death and find in Him what living truly is.

God has sent His Son to the world to be a Mirror for humanity and so that, before Him, men could discover what the true meaning of life is, what the purpose of existence is, what the Way, the Truth and the Life is on Earth, as well as in Heaven.

Enter this mystery that is within you, but that hides from you. Fulfill the Will and the Work of God in its manifestation upon the Earth, but, above all, seek the fulfillment of the Will and the Divine Work within you.

Enter this Way, find this Truth and live this Life that God thought for His creatures from the beginning.

You have My blessing for that.

Your Father and Friend,

The Most Chaste Saint Joseph
