DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

See, the Origin of all life is also in you. The infinite Universe and the One and Omnipotent God are reflected in those who were created to express the likeness with the Father and to renew His Creation.

See how great of a mystery is hidden from humanity because the science of the awakening of love begins in the essence of humility. The one who is in all things, to be what He Is, lives in the emptiness of Self and allows His Heart to be shaped to the hearts of His children, so as to dwell in all of them.

Perceive then, that in spite of the great mystery of Creation being within you, God made you the least of creatures, apparently the weakest, and with the least scientific and spiritual resources. This is the great key of the revelation of the Love of God; He is delivered to the lesser and reveals Himself to the most humble.

See that Infinity is kept within you, because just as the Father manifested life and the Universes, through the essence of His Love, someday, child, from the essence of love that is awakening today on Earth, the seed of a new life, of new dimensions, of new Universes, of a new Creation, must emerge.

I know that what I tell you seems distant and incomprehensible, but when My Word pronounces truths, it awakens within you what is dormant and which must begin to express itself.

Love is the principle from which life emerges, in all of its expressions. In it is to be found the mystery of your existence, the reason for which God manifested this humanity, and in it, Himself.

Just meditate upon what I tell you and allow My words, on their own, to inspire you to love more than to understand all these things.

Your Father and Friend,

The Most Chaste Saint Joseph
