**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??????**

For your consciousnesses to mature, you must recognize the realities of the planet manifested in the different dimensions. You must be knowledgeable of every good and every grace that you receive as an aid from the celestial worlds and from the superior existence, but you must also be conscious of everything that happens on the surface of the Earth and in the inferior plans of consciousness, states that concern God and make that many and endless be the Graces poured over the human consciousness.

The knowledge of these realities is complemented to forge its fortress in the interior of the beings. If you only were knowledgeable of the planetary reality in the inferior sense of life, you could lose the trust in the Plans of God and even the faith in the existence of the One and Only Consciousness of the Creator. And if you were only knowledgeable of the subtle worlds and ignored what happens with your brothers and sisters in the surface of the planet, you would run the risk of keeping yourselves immature and selfish, living only for your own benefit, for your own elevation.

With the knowledge of all the realities, you will be able to take the emanations of the superior life as an encouragement for the souls that find themselves in the abysses of the planet. And even before so much suffering that the humankind itself generates in the world, influenced by chaos and by evil, you will never lose hope, because you will know that there is something much higher and more powerful than evil and that this which is called God, the Creator Father, will always triumph, because His Will is what animates all the existence. With a breath of His Divine Spirit, life creates and recreates itself constantly.

It is for this reason that now we allow you to access the sublime realities and sometimes we show you what must still be transformed in the life of this world, because in this way you will be able to learn and grow in consciousness. In this way your prayers will be true and will be conducted to the right place.

I love you and, therefore I remain here, tirelessly impelling the human heart.

The Most Chaste Saint Joseph
