DAILY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN DORNES, SANTARÉM, PORTUGAL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

Moments after the expansion of consciousness, your Heavenly Mother is to be found in prayer and pleading, in the expectation that the spiritual task may have the necessary results in the human consciousness, which in this cycle, must open to receive what will transform it and make it worthy in the Lord.

It is in this way, dear children, that your Heavenly Mother will try to keep the continuity of these divine impulses moving through the times and in different degrees. This will help the evolutionary principles of the human consciousness to be permeated by laws that will reform the human condition of the race and thus make it worthy in truth and deep in its love for God.

Thus, these impulses, recently experienced on the planet and through the Kingdom of Fatima, will help to prepare the human consciousness for the cycle of tests it will experience and will allow it to face the definition of the path it must choose, so as to be able to reach the end.

I thank you for responding to My call!

Who blesses you always,

Your Mother, the Virgin Mary, Rose of Peace
