Daily Message received in the Marian Center of Figueira, Minas Gerais, Brazil, transmitted by the Glorified Christ Jesus to the visionary Friar Elías del Sagrado Corazón de Jesús

To live unconditional love is, from the beginning to the end, to accept a painful or unjust situation; in the same way that I, being the Son of God, accepted your sins out of Love.

To live unconditional love is to always say "yes" in any circumstance, without trying to escape the urgent reality or the situation that presents itself.

To live unconditional love is, because of love, to bear everything that is opposed to balance, knowing that, above all, harmony must prevail amongst all.

To live unconditional love is to never go back, but rather to advance, surpassing oneself because of love and with reverence for something greater and infinite.

To live unconditional love is to become spiritually untiring, but it is also to respect the time and the rhythm of the bodies.

To live unconditional love is to not see the errors, even though they may be too big; it is to do what is best, the maximum for another; it is to take risks, without constraints, so that the brother or sister may have a new opportunity until they learn, on their own, to value life and all that the Universe gave them.

To live unconditional love is also to say "no" because of love, without fear of what will happen, being aware that this "no" is just and is free of preferences.

To live unconditional love is to not set a schedule for God.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
