WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN THE SIERRA DE LA PEDRIZA, COMMUNITY OF MADRID, SPAIN, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My dear children,

As Mother Nature and Mother of Life, today I descend with the Light of God upon this sacred mountain range to meet again with My children of this humanity.

I come on this day to assist and help all My children who, at this time, suffer and undergo their purifications and trials, facing overnight unexpected situations that change the destiny of the lives of many people.

But I would like to tell you, My children, that this does not mean that God is far from suffering or sickness. He is closer than it seems and He suffers together with all the sick and in need through His Son, Jesus Christ, who also suffers together with the Children of the Father.

This is the time of having to accept, but it is also the time to recognize the learnings of life, keeping in mind that every moment is a sacred opportunity for inner growth for all.

Each soul, in this final cycle, will experience that which it needs to learn most, so that in each of My children the Christic love may be born and emerge, which will allow them to understand life in its deepest essence.

As Sacred Hearts, before Our withdrawal, We can see how humanity is unprepared for the end of time. Therefore, the Spiritual Hierarchy dedicates every moment and every meeting to help in all possible situations.

At this turbulent and hostile time of the planet, may you learn to perpetuate the light of prayer and do not miss the opportunity to pray, to ask for My Graces and to intercede for all causes, for all situations and for all your brothers and sisters; because in this time it will be enough only to pray, but to pray from the heart.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace and Mother of all who are sick in body and spirit
