WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF LA CUMBRE, CORDOBA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Children,

While the world and humanity suffer, there will always be service to do and to offer.

In service, you will find the correct door to get out of yourselves every day.

Service does not make you think about your processes or your deserts.

Service quenches the inner thirst and liberates you from any emptiness.

The world and humanity especially need to serve each other in order for the most serious faults, caused toward Creation and to the Kingdoms of Nature, to be forgiven.

Imitate My Son, be like Him, souls in eternal service to God and to the poorest among the poor, spiritually and materially.

Rejoice when the Universe sends you a new service and in this way you will be freed from yourselves.

The world suffers, not only due to the lack of compassionate love, but also from the lack of service.

Service is the ABC's of spiritual life and of religious life, because it is in service that you will find the healing for all miseries.

Receive service as an opportunity to love and to share inner goodness.

May service for others give you an impulse to concretize the so expected healing of humanity.

I thank you for responding to My maternal call!

Who blesses you,

Your Mother Mary, Rose of Peace
