DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN PHOENIX, ARIZONA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

While you travel through sacred places, hold all of humanity, all life, within your hearts.

Feel that all that you have received, as an inner impulse, reaches each being of the Earth, and beyond.

Feel the spiritual unity that is established in the hearts of those who know that everything they receive is not for themselves, but rather for the Plan of God to be fulfilled in all His children throughout this world.

Besides uniting the dimensions and reaching the Heart of the Celestial Father, human beings have the possibility of inwardly sharing all the evolutionary lessons they experience, as well as all the codes of light they receive for taking their steps toward the Love of God.

It was in this way that the Love achieved by your Lord on the Cross overflowed from His Heart and everything He achieved reached each being of this planet and well beyond it.

This is one of the gifts that He taught you with His surrender: the gift of giving not only to oneself, but through all the Graces received and achieved, the gift of feeling united with all creatures and knowing that everything you experience is for each and every being of this planet.

Look at your fellow being, even if they may be someone you do not know, and yet know that they are also a part of God and they are here to convey something, learn something, redeem something and achieve the same love that, through Grace and Mercy, you receive, every day.

The more you allow the gifts received to influence you, and the more you consciously experience the Graces as a service for humanity, the more these gifts, children, will flow toward the world.

Remember that human beings are a great mystery. A mystery that is unveiled through experiencing and living, risking to love and to serve ever more deeply.

You have My blessing for this.

The Most Chaste Saint Joseph
