**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

I know the offenses that your hearts can radiate, but, My dear ones, hold your gaze on My Immaculate Heart and stop time so that My Divine Love may assist you to revert and convert that which still has not been transformed.

Walk along the way of prayer without stopping; the Lord, in His Glory, accompanies the steps and the learning experiences of life. Do not fear for yourselves; fear for the pain of the world, a world that offends God and that does not pray sincerely to receive the forgiveness for all the faults committed.

For this reason, My little ones, I am forming angels of prayer on Earth so that together with My Immaculate Heart you may help Me in the conversion of the souls that are prisoners of themselves and of the illusions of the world. Listen to My call with the ears of the heart; thus you will understand that we are in the hour of the battle and in the hour of the rescue of souls.

I love you all, My little ones, and the time to grow is approaching; this will be day by day in prayer. When you feel that you have offended God, do not get involved in your imperfections; elevate them to My Heart so that My Light may assist you.

Rejoice your hearts because My Love comes in assistance for all the hearts that cry out.

Who loves you eternally,

Mary, Mother of the Divine Conception of the Trinity
