Daily Message received in the Marian Center of Figueira, Minas Gerais, Brazil, transmitted by Mary, Rose of Peace, to the visionary Friar Elías del Sagrado Corazón de Jesús

Through the Law of Transmutation, the planet is liberated.

Through the transmuters, the Earth is relieved and each server of this world fulfills a part of the Divine Will. Because while the planet is submerged in an apparent chaos, on the other hand, there are souls that offer themselves to carry the weight of all human misery, just like the saints of the last centuries offered themselves, without knowing much, so that humanity could be freed of very great errors.

For that reason, the task of transmutation is different in this time, because not only does it encompass the liberation of a specific region, but also incorporates the redemption of certain aspects of humanity that condemn the race and compromise its ascension.

Thus, in this time, the task of transmutation is a full-time service, due to the constant severity in humanity.

Through the channels of transmutation, the most ignorant of humanity are benefited to the point of receiving the opportunity of awaking and, through that awakening, have the possibility of expanding their consciousnesses to become aware of the chaotic reality of these times, and thus experience the changes so that at least something may be transformed in their consciousnesses.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
