DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

Enter into communion with life so that life may be regenerated and renewed and, in spite of the serious assaults of men and women of the Earth who take life away from the unborn, all may be healed and redeemed through the ardent aspiration that My children of the world may awaken from their profound sleep and from the global hypnotism, and they may perceive that created life was one of the greatest treasures that God conceived of in creatures.

Thus, in a spirit of repentance for those who do not repent nor do penitence, I ask, My children, that life be considered one of the precious treasures of God in which sacred experiences of faith may occur, in which redemptive Christic love may awaken.

Enter into communion with manifested life for all those who mistreat and hurt their own life through acts and uncontrolled actions.

I call on you to confirm this sacred Project of Life in each one of you, so that Divine Virtues may show hearts the importance of uniting with the Creator and His Creation, to be within the Law of Love and, in this way, live the act of forgiveness,

I thank you for valuing this!

Who blesses you,

Your Mother Mary, Rose of Peace
