SPECIAL MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Second day of the novena

On the second day of the novena, you will meditate on my youth, when My Heart was faced with all the earthly stimuli, all the impulses that were calling Me to be like other young people of My time; when I experienced the rejection, humiliation and misunderstanding of My brothers, sisters and friends, because God was calling Me to a life of surrender, of chastity and of silence.

In a time-period when the human condition was coarse and stood out beyond any spiritual aspiration, My Heart prevailed in the face of the stimuli of the body, and I was able to offer God an instrument of His in the world, by means of My Life.

When you are faced with earthly stimuli, capital energies, humiliation, rejection and the misunderstanding of the world, pray to God in My Name:

Lord,
for the sake of the overcoming of Saint Joseph
and for His absolute surrender that conquered the human condition,
help us to overcome the atavisms, the lusts
and the superficiality of this world.

Amen

Your Father and Friend,

The Most Chaste Saint Joseph
