DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

When I was on Earth as Joseph of Nazareth, many used to seek Me, asking for an advice about how to be united to God. My Chaste Heart was discovering, in the Child Jesus, that God was within all beings. But in a time in which people did not think about a Living God, except in the Scriptures, it would be very difficult to conceive the existence of God within each being.

Today, there are already enough knowledge and experiences, as humanity, for you to understand the things of Heaven and how they express themselves in the world. In this way you will discover in the world the potential that it has to live according to the Celestial Life.

In the same way that God is alive in each being and few can see Him, His Kingdom lives in the original idea of the creation of the Earth. In this way, the Living God must arise in the beings as much as the His Kingdom must manifest itself in the world.

To find the Lord within your own hearts and recognize yourselves as similar to God, you will have to stop knowing yourselves as imperfect individuals and merely human in the point of view of the Earth.

So that the Kingdom of God may be a reality in the world, everything that does not conform to that Kingdom must cease to exist. And it will not be God who will make all the things disappear and, thus, solve all the planetary problems. You, My beloved ones, are the ones who must make disappear, firstly from your own consciousnesses, all the concepts, the principles, the ideas and the intentions that construct all those things that separate you from God as humanity.

For instance: even though you may not be governors and may not have the power of starting or ending a war, to abolish the wars of the world, you must placate, in your own consciousnesses, wrath, competition, avarice and greed. And, in this way, you must act with everything, because it will be little by little that the Kingdom of God will descend to the world. But, for that, the harmony with which that Kingdom will install itself will depend on how prepared the human consciousness is receive it.

Many fear such mentioned planetary transition, but few are recognizing that the course of that transition will be the result of what each one can do to transform, in themselves, the human consciousnesses and, as a consequence, the planetary consciousness.

Meditate on what I tell you and on what I told in the previous days. You will find in My words the keys to achieve redemption in a peaceful and harmonious way.

I leave you My Love and My paternal advice, as well as I did in other times.

The Most Chaste Saint Joseph
