DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Divine Mercy descends to the world as the fruit of the purest and deepest Love of God for all His creatures. Allow for this spring to find within your prayers the bridge for reaching the world and, in your heart, the doorway for permeating the hearts of humankind.

Live the gift of Divine Mercy and you yourself be merciful as well. Express your gratitude, being consistent with all the Graces you receive in your life.

Live to announce to the world the gift of the divine presence, and imitating the Love of God with actions, thoughts and feelings of Mercy, child, multiply everything that the Creator gives to you.

You are an instrument of God in the world, the fruit of His Grace, the living expression of His Love. In your heart, carry this certainty, and with your life inspire beings to Love.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
