WEEKLY MESSAGE,

TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS:

Dear children, from the Heavens with eternal bliss one more time I visit you to give to you My Immaculate Love. My children may in your hearts flourish the Love of My Son, as also a flower opens in the dawn. May your feet not tire of walking, but may they elevate towards the most high to find God.

My children do not allow the enemy to destroy the plans that My Peace is building. I ask you as on all of the days for prayer of the heart so that your souls may be impregnated by the protector and redeemer Light of the beloved Archangel Michael. The definitive times have already started and all of My children must remain united to the Heart of God so that in this way My Son will guide you, accompany you and orient you.

Little children may this next week, that will arrive to the life of each one of you, be guided through your inner prayer. Dear children it is necessary that your hearts recognize the Love of the Father in each neighbor, in each action and in each decision. For this the soul that prays on Earth with Me from the Heavens, unifies the thread of peace between the universe and the world. If each child will unite its heart with the Great and Splendorous Heart of God then humanity will receive so many more graces of intercession, for example, as Mercy.

But there still exist soldiers of prayer that are being formed through devotion to My Immaculate Heart.

Dear children, day by day I am with you, more close than I was with Jesus and this is for the reason of your immediate spiritual conversion and for the lovely trust that Christ has placed in My Maternal Heart for each one of My children.

The new humanity must be a humanity redeemed and converted by the power of the Divine Mercy. For this My children, each act that springs from charity from your hearts will allow the balancing of the great burden that exists through the suffering in many of My children.

You through prayer have the salvation in your hands, it is only necessary to say yes day by day to be able to dialogue with God.

Dear children, with Maternal Love today I invite you to inner quietude and peace so that the Grace of God may be present in each one of your actions. Trust in Mercy! Remember that My Son is your only path to the Universal Light of the Creator. I am with My Comfort loving you, forgiving you, and contemplating you, from the Heart.

I thank you for answering to My call for Peace!

I am with you every day through the prayer of the heart.

Mary, Mother of the Divine Conception of the Trinity.
