**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

My Maternal Heart nourishes all the hearts with Light. My Mantle of Peace extends itself over the world. My presence among you is possible by means of the word of your prayers.

I love all My children, especially those who need the absolute forgiveness of God. I pray for all those who separate from God. I pray for all those who deny God and for those who do not believe in the Mercy of My Son.

As Guardian of all hearts, My children, I tell you not to fear for anything, to see the Presence of the Kingdom of God in the sparkle of your hearts. I place you inside My Heart in order to elevate you close to the Heart of My Son because your prayers repair all the events that happen in the world.

Dear children, may your hearts be instruments for the good and the pure, may they be the expression of the life of My Glorified Son here upon this Earth. In this way, with the daily prayer in your hands, you will become obedient sheep that will learn to love and forgive day by day.

Convert your heart into a heart that trusts and do not fear losing anything or being judged. Remember, My little ones, that the true flocks are the ones that are tempted the most.

Therefore I ask you, who trust the coming of My Son, to embrace His Sacred Heart so that under this spirit you may collaborate in the redemption and conversion of those who have not been converted before the Creator.

Dear children, I pray for those who, still distracted in the life of the world, do not find God. I pray for those who, distant from Mercy, are placed under the fire of temptation and damnation.

As Mother of Mercy I pray to My Son so that in this final time all may find salvation and peace in the heart.

I tell you, My little ones: pray with Me! Pray for the presence of peace!

I thank you!

Mary, Mother of the Divine Conception of the Trinity
