MESSAGE FOR THE SPECIAL APPARITION FOR THE ANNIVERSARY OF THE VISIONARY SISTER LUCÍA IN THE MARIAN CENTER OF AURORA, TRANSMITTED BY THE MOST HOLY QUEEN OF PEACE TO THE VISIONARY SISTER LUCÍA

My dears,

Today I ask you that, with joy in your hearts, you may offer roses of prayer to the Creator that each petal that is born within you may be as a balm for the whole world. It is necessary that you definitively understand the Power of prayer and that you may live it in your lives daily.

My dears, for these times, only true prayer performed with the heart will be the sustenance of your souls in the path traced by God. Prayer will remove from your hearts all incomprehension and all doubt, so that you may tread with firmness in the footsteps of My Son Jesus.

Prayer will calm the senses, the thoughts, the anguishes and the expectations, because inside the Universe of prayer only infinite Peace will reign. Prayer is a precious tool created by God so that His creatures may return to the path that conducts them to the Divine Dwelling of the Creator.

Children of Mine, as a sacred chemistry prayer acts inside each being dissolving the particles of darkness that permeate the hearts and the consciousnesses. Within prayer you will be able to know the aspects of your own inner world that are unknown to your own selves.

You will find by means of persistence in prayer an unknown strength that will allow you to overcome with harmony and peace any obstacles. But, so that you may know this hidden Universe that is awakened by means of prayer, it is necessary that you be strong enough to overcome the first stage of a praying being, which is finding everything that is meant to be purified inside your own selves.

By means of prayer you will clean your own inner temple and you will discover, kept deep in the consciousness, thoughts, feelings and ways of acting that are not positive.

Today I say to you that purification has already begun within each being and that prayer will help you to find that which has always been hidden within your hearts or that you have always tried to hide from your own selves. These My children, are the veils of consciousness that when they fall, they will bring to Light everything that is to be transformed. But do not torment yourselves when you find all the old, on the contrary, encourage yourselves to see it and to remove it from where it is, so that the new may enter.

The first step of prayer is like cleaning a closet that you have kept since your childhood and there you will find things that you did not yet remember existed. But with profound joy encourage yourselves to clean this place, that is, your own inner world and when your heart is ready, you will be able to take new steps in the path of prayer; this mysterious path that will bring you to the Celestial Universe.

It is necessary only to be persistent and that you do not become discouraged in face of the first encounter with that which is to be purified. You will think that is so much and so big that it will seem infinite, but if you persist, you will see how simple it is and that soon will come the time of peace and inner strength in the Heart of God.

Unlike what many think, prayer in this time is an instrument for the brave ones, for the courageous, for those who are not afraid of encountering darkness, above all their own darkness, because they know that their goal is the infinite Light of the Heart of God. They know that they count on the Inexhaustible Source of the Creator's Mercy, they count on the help of the Queen of Peace, they count on the Redeeming Son of the Celestial Father and they count on all the Hosts of Light that only wait to be called to come in their aid.

So persevere, persevere, persevere always.

I love you and I bless you.

I thank you for walking with Me on this path of ascension.

Mary, Mother and Queen of Peace
