DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM PORTO ALEGRE TO SANTA ANA DO LIVRAMENTO, RIO GRANDE DO SUL, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear Children,

Everyday I am crowned by your simple prayers and all of the crowns of love that you offer Me, I place them at the feet of the Creator so that His Mercy keeps on being poured over the Planet as a powerful flow.

Children of Mine, all prayers convert themselves into spiritual nourishment of salvation for the most sinful and thus I have the permission to help the most lost souls, those that have been denying God for a long time.

EsIt is in this way, under the intercession of My Merciful Heart that I, your Mother of the World, descend in order to look for the lost essences in the abysses of the Earth. Each time that you pronounce: "Hail Mary", an angel of My armies ignites a torch of light so that I may find in the hells of this world the most condemned souls. In this way your Heavenly Mother activates the liberation of evil and these souls reencounter the path of union with Christ and then with the Celestial Father.

Dear children, the humble prayers are the shield against all temptation and they save lost lives, and especially the hearts are able to reconsider their actions and take the decision to change in their process of conversion.

Beloved children, all of the honors that I received on the part of My dear children, I pour them in Grace and in Mercy over those who are mostly in need. Keep on working united to Me, thus My Immaculate Heart will triumph.

I thank you for answering to My call!

Who envelops you in the mantle of peace,

Your Mother Mary, Rose of Peace
