MESSAGE FOR THE SPECIAL APPARITION OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

Open your eyes to see, in the sky, the Joy of God every 31st of December of the time of this world.

Rejoice in Christ and in His Holy Mother, for the grace that is granted to you, of remembering the day of your salvation and of perpetually praising Her, the One Who in humility came to the world to liberate it from all evil.

Dear children, I want that on the 31st of December of all of the years that you are still to pass on Earth, that the hearts of the soldiers of Christ be profoundly renewed; that you contemplate in your inner the fruits that have already been born for all of the effort that you have lived while attempting to follow My steps, but that you also contemplate the goals that will lead you to that which you must be as individuals and as humanity.

While the majority of your brothers and sisters prepare themselves to plunging even deeper into illusion, I would like that those who claim to be conscious, be opened to live more and more intensely the principles that lead you to the truth.

I wish that you would dispose your hearts even more to unveil, inside your own selves, the higher life, so that the Power of God inside your beings would be more and more intense.

My beloveds, on this day contemplate the world with eyes of compassion, and place your own consciousnesses into the One and Only Consciousness of God Most High, so that the aspiration that you will be someone new, and that you may lead this Earth to an intense transformation, may mature in your own interior.

The eyes of fire of the Creator observe the world, attentive and fixed on those who have let themselves be burnt by the Power of His Magnitude. The Lord seeks in the world those who will be the bearers of Truth and who will transcend the common human conducts in order to be the pioneers of the true human archetype.

Who will defeat chaos in and outside of themselves, as to make triumph the peace in the human heart, and as a consequence, in the whole world?

Peace on the planet depends on the determination of humanity in living it, because the lack of peace is caused by humanity itself, which got used to living off conflicts and competitions, even feeling gratified with the suffering of others.

I want, children, that this day be one that will remind you, every year, of the triumph of God in the world, and that independently of what may happen around you the certainty of the victory of God may never be faded from your hearts.

When you are in a full fall in your evolutionary path, remember on that day that you are on Earth in order to live the overcoming of yourselves. When you only see the darkness around you and inside your brothers and sisters, remember this day when you are here as soldiers of My Heart, so that you may be light-houses that guide the blind, and the window that opens itself in the planetary consciousness for the arrival of the Sun.

Never let yourselves dive into the darkness of the world because I have summoned you so that you will be that which no one will want to be; so that you will live that which no one will want to live, in order to change the destiny of humanity by means of your own transformation in Christ. Even if the world sinks to your right and to your left, keep yourselves in this sea of illusions as a boat that sustains in itself those who, as an example and as an impulse, will keep themselves firm in their purpose of reaching God.

On the 31st of December of all of the years that will come, transcend darkness, and be the light of the world yourselves, because She Who is Light Itself and Peace Itself has been congregating your souls and consecrating your spirits in order to make out of your lives the spearhead that breaks the barriers and that opens the doors of the world for the ingress of a new time, of a new race, based on and guided by other laws, by Divine and Celestial Laws.

I love you and for this I impel you to make of your consciousnesses the dwellings, on Earth, of the Holy Spirit of God.

Who blesses you,

Mary, Mother of the Divine Conception of the Trinity
