DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE LOCALITY OF LOS COCOS, CORDOBA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The Great Miracle of the Sun

One hundred years ago at the Cova da Iria, in Fátima, Portugal, the last and definitive Apparition of the Mother of God happened, the one which brought to the world the end of a terrible war and a prolonged period of peace. At that time, humanity was on the brink of its own perdition.

Although the message of Fátima was clear and convincing through the revelation of the three secrets of Fátima, the Most Holy Mother warned Her children that a true penance was urgent and immediate, since the repentance of the hearts would grant the world a significant atonement.

The Miracle of the Sun, also called the stellar phenomenon, was the culminating event when, on October 13, 1917, this local Universe, of which this planet forms part, lived a cut in time and space.

The Miracle of the Sun, or stellar phenomenon, consisted in mobilizing great consciousnesses of the Material Universe and Cosmic Regents which allowed, at a planetary level, to put an end to the endless cycle of siege, destruction and of the conquest that humanity was immersed in by the First World War.

This phenomenon, understood by humanity as the constant and random twirl of the Sun, meant the reunion of certain cosmic currents of the Material Universe, that have their bases in the Central Sun of this galaxy.

I would like, dear children, that you comprehend that, if this evolutionary intervention of the Greater Universe had not have happened on October 13, 1917, humanity would have already destroyed itself.

It was necessary, at the universal and divine level, to carry forward this movement of the solar and stellar elements of the Universe.

This allowed to stop, upon the planet and within its humanity, the idea of a conquest and of an unmeasured power, that would lead to the development of other events.

The Miracle of the Sun, or the stellar phenomenon, cleaned and purified the psychic plane of the entire planet in less than fifteen minutes, a time in which the solar and stellar elements that were operated by the Regents of the Universe, dissipated from the ether of the Earth a great quantity of registers of suffering and death that had been generated.

The global Miracle of the Sun, with the meeting of the angels and the Hierarchies, despite having its epicenter in Fátima, embraced the whole planet, relieving it from its chain of great human and terrestrial errors.

October 13, 2017, was the closing of the mission that your Celestial Mother came to accomplish during six continuous months, in which humanity was prepared to live the Miracle of the Sun.

Even though the Most Holy Mother had announced that if there were not a true repentance a second war could come, worse than the one that was already occurring, humanity was able to know, after the atomic bomb, that it was capable of self-destruction and irreversible damage to itself, even in these current times.

That is why, on October 13, 2017, after one hundred years of My Apparitions in Fatima, your Celestial Mother came to beg the world not to forget to live a deep and true repentance, because this lack of penance in the human beings of today is heading toward ideas and war projects, worse than the ones that have already occurred, it is headed toward wanting to destroy the life and the evolution of the Kingdoms of Nature, as has been happening in the last fifty years, and it is leading to the loss of logic and discernment of the human beings who lead and govern this planet.

I come to ask for the repentance of the heart, so that you remember that there exists only one God present in three persons: the Father, the Son and the Holy Spirit; I come to ask you not to forget to be considerate, merciful and fraternal to one another; I come to ask you to proclaim your faith in the infinite existence of the Celestial Church of Christ; I come to ask that you give the examples, among yourselves, of equality, compassion, love and respect, because, after all the help received, humanity continues to hurt itself in ways never seen before.

As the Lady of the Most Holy Rosary, I remind you, dear children, to pray a Mystery of the Rosary, every day, and that you do not deceive yourselves anymore by exchanging this important prayer for the technologies and their constant problems.

Do so with the heart, and you will see the powerful results of this spiritual tool, that will provide you with peace and the spiritual healing of your lives.

If at least just a few fulfill all these requests, I will be able to continue interceding before the Celestial Father, although the scales are in great inequality. I will go tirelessly, to meet of all My children, and I will be able to help, one by one.

If humanity does not pray and does not stop to think before acting impulsively, a worse crisis will embrace the planet and, as in these days, innocent lives will unjustly pay for the others.

To avoid all this, I come again to ask for the consecration of your lives and homes of the world to My Maternal and Immaculate Heart, thus I will triumph, being able to live among you in a true and solemn way.

I thank you for responding to this important call!

Who blesses you,

Your Mother Mary, Rose of Peace
