DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF LISBON, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Today I bless you so that you may see My Peace born within you.

Today I bless you so that you may live My trust.

Today I bless you so that you may lose your fears and so that, along this path, you may find the Inner Christ.

Today I bless you, and thus, I renew your strength.

Today I bless you and give you the balm of My maternal love.

Today I bless you and place you at My side so that, very close to me, you may hear My voice and feel God.

Today I bless you so that you are with Me and you regain the hope of always wanting to be in God.

Today I bless you for the whole planet, I bless you for those who are mistreated, for those who feel hungry, for those who experience the wars and have lost the light in their hearts.

Today I bless you and bring you closer to My Mercy, because in this fount everything is renewed.

Today I bless you for those who are not blessed, for those who suffer, and have closed their hearts to the Love of God.

Today I bless you so that you may be within My arms, because your soul will feel the caress and the love of My hands, just as Jesus felt the refuge of His Mother at the foot of the Cross.

Today I bless you so that you may move forward, transcending the abysses, overcoming the challenges, loving sacrifice for the emergence of a New Humanity.

Today I bless you so that you accept your Cross, and thus experience with Me the painful and heavy Cross of the world.

Today I bless you so that you take My Hands and rest upon My Chest and so listen to the inner melodies of My Heart; there, everything will be healed and nothing bad will happen, because you will be with Me, waiting to experience the new restoring Communion with Christ, our Lord, and He will bless you with all the Love of His Divine Heart, and we will thus be together in unity and in compassion.

So be it.

I thank you for responding to My call.

Who blesses you,

Your Mother Mary, Rose of Peace
