DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, TO SÃO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

May the peace and the spirit of temperance abound, because in this way, you will be able to recognize God in your heart and in your life.

May the peace that comes from the Universe expand like a beam of light and touch wounded hearts. That will be possible because of the constancy of your prayer and your supplication.

Thus, receive in this hour the spirit of peace, which will make you invincible, immovable, and neutral. Let this peace be expressed in your way of looking, acting, walking, and breathing.

May this inner peace be recognized, so that souls may, through the prayer of the heart, learn to live it and adopt it as something fundamental, precious and worthy.

May peace strengthen the consciousness and spirit so that the New Christs may soon be born in this humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
