Daily message of Mary, Rose of Peace, transmitted in the city of Fatima, Santarém, Portugal, to the visionary Friar Elías del Sagrado Corazón

When your prayer is true, My Immaculate Heart will guide you and I will be able to accompany you, carrying My Message to the ends of Earth.

My Heart is ennobled when souls truly pray, it is a bliss unknown to the world, it is a joy that allows opening the doors towards the Mercy of God, and thus, souls do not hold any sin and purify themselves through the power of prayer.

In this way, the Celestial Kingdom approaches, and all is renewed to the point of touching the depth of the consciousness in each particle, in each essence.

The Lord transforms and vivifies His children in His Kingdom, when souls truly pray, the hearts are alleviated, calm comes and peace is established by the simple act of praying with the humility of the heart.

Therefore, each time a child of Mine reaches this state of prayer, I can pour out My Graces and they will no longer be kept in the Heavens, they will be within all hearts that pray with full sincerity and truth to My Immaculate Heart.

I thank you for responding to My call!

Who blesses and protects you in this new stage,

Your Mother Mary, Queen of Peace
