SPECIAL APPARITION OF THE VIRGIN MARY IN OKLAHOMA CITY, UNITED STATES, TO THE VISIONARIES FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS AND SISTER LUCÍA DE JESÚS

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Today I come to the world with a Face that is still unknown. I am the Mother of all peoples. That Consciousness that once presented Itself as the Sacred and Immaculate Spirit to the first peoples.

As Mother of the Indigenous Consciousness, today I present Myself with a different Face so that you may see that nothing is separate and that souls can only unite through My Heart of Light.

Today I come with the vestments of the first peoples to be able to reflect throughout this humanity, and, especially in this place, the spirit of that which is sacred and pure; that which God conceived of within each indigenous consciousness while originally living the beginning of unity with Creation.

I am the same Woman who governs Heaven and Earth, and who, with Her more than one thousand Faces, over the length and width of the planet, presents Herself in this region to unite that which is separate between the consciousnesses of the original peoples and God.

It is for this reason that My goal of coming here, most especially the Purpose that the Father has indicated to Me, as the Sacred Spirit of Peace and all wisdom of the universe, is that today I am already fulfilling the Mission which the universe placed Me in, of being able to spiritually work with the consciousness of the original peoples, not only of North America, but also of the world. For in truth I tell you that at the beginning of these first civilizations, the Indigenous Consciousness was always pure, before the white man emerged.

In all of the Americas, God created a sacred civilization, just as He created the civilization of the peoples of Israel, who fertilized unique principles that helped humanity to incarnate the spirit of the sacred, the spirit of reverence and devotion for all that God granted the consciousnesses. Each people and each race, throughout the history of humanity, was able to understand Creation in different ways.

But today I come to speak of the North American indigenous consciousness, because many of you have to do with it, in spite of coming from different nations and peoples, from different races and origins. All are united under a same spiritual, as well as genetic, principle. All come from the same Source and all emerged from the same portal to be able to govern this planet under universal order and harmony.

For this reason, dear children, My wish is that, through opening your senses and all your consciousnesses to the words of the Celestial Divinity, you may be able to enter the mysteries that, on this day, cease to be hidden for the whole planetary consciousness. This way, as Mother and Lady of the Peoples, I come on this afternoon, dear children, to try to conceive and fertilize the patterns of life and evolution in the spirit of the Indigenous Consciousness, which they once lost.

I know that many of the peoples of North America, who in the beginning represented the spirit of the sacred, were influenced by the colonists, causing them to carry out actions that changed the direction of their destiny, their future and their purpose.

And although all this has already happened, this is the motive and the reason, dear children, that your Lady of the Peoples, of the peoples of North America, today presents Herself with the vestments of the Indigenous Consciousness, to remind you of the path of return, the return to the Heart of the Father, of the Sun Spirit and the Moon Spirit, which in these peoples created a sacred manifestation of love and brotherhood, with each essence of the elements of nature.

I know that for you it will be impossible, dear children, to be able to return to the beginning, to the origin of how your peoples were. But the experience, the experience of your spirits, which come from other origins and stars, have not been lost. This is what God has asked of Me: that your consciousnesses and mainly your hearts again recover in these times. Because it will be this sacred and pure spirit that will help in the transition of the United States, especially in the tests that are coming and for which the majority of North Americans are not prepared.

With maternal Love, with a Sacred Spirit of devotion and reverence for each of the original consciousnesses that were a part of the sacred spirit of the United States, I come to ask, dear children, that you enter again into a Unity with God. That you enter again into the patterns of life and of evolution that made of your consciousnesses the purest peoples of the planet.

So it is that, in this time, I invite you to reflect what you truly are, what you essentially truly are, because this is what God needs so that in the times that will come, a New Humanity will be able to be shaped, based on the sacred principles that once existed in the Indigenous Consciousness as the ancient peoples of the desert, peoples that allowed the incarnation of the Sun Son, in past times, in a humanity that ardently was in need of redemption, salvation and liberation from the human condition that their own genetic code imposed on them.

Opening your eyes to the Science of God, dear children, feel My Heart, My indigenous Heart, My Heart of a Mother, of Mother Earth and Mother Sky, Who comes to offer Herself to you on this afternoon, to be able to recover what is most valuable in the world in this time.

I want you to reach My arms, My motherly arms, My Spirit of Peace, of brotherhood and reverence, as small children, as children of light, like those children who participated in the beginnings of the original peoples in all that was blessed and sacred for the Indigenous Consciousness and which made of these peoples, sacred peoples, since they were united with God through those elements, through the ceremonies of praise and worship of the elements of Creation.

Dear children, open your hearts to My Words, because My Words are energy, are life and divinity that comes to transform things that are corrupt so that, finally, they may become incorrupt and

placed at the service of God's Purpose.

Contemplate My Face of Lady of Peoples, of the Indigenous Consciousness, that today shows Itself to the world so that, through this symbol of My holy Aspect, you may be able to discover, understand and penetrate My Message for this time.

Sister Lucía de Jesús transmits the Words of the Virgin Mary:

With this, I come to dissolve the indifference of hearts so that you may understand, children, that each people, each race, brings a divine purpose that is perfect, to live in this world.

As Mother and Lady of all peoples, I come to show the world and your little hearts that to travel the path of return to God, you must learn to love and respect each expression of humanity, because, each of them, My children, represents a unique way of loving so that all consciousnesses of the universe can find opportunities on this planet of living love, as well as being able to express it.

Today, with all that I have said to you, I cry out to humanity, and especially to this nation, that you dissolve prejudice, indifference, the denial of the expressions of My children, which must return to being sacred, that must find their origin again.

I do not come to change forms, My children, because there are things existing that in this time will not change form, but rather will change in the deepest essence of the human beings.

I come to remove from your consciousness the walls that separate you from your brothers and sisters, walls built in the past and that many times are unknown to you; you do not know they exist within yourselves. I come to destroy those walls with the power of My Light and My maternal Love, to then build a stronghold, into which each of My children can enter.

I want you to understand, My dears, that God expresses in many ways, that there is not just one path for reaching the Father; but all the paths He created, when they express a love and unity with life, will one day meet in the pure and original essence of all things.

I know that for many it is still difficult to love and understand a fellow being because they are different, but I ask, children, that you learn to love the differences so that you can also be loved, and build on this planet a humanity that expresses true Love. My Son taught you how to love without boundaries, without limits, without cultures and without religions. And it is that Love I come to bring you in these times because this is the true essence of the human project.

I want you to teach your children, your grandchildren, this Love without limits, so that they may grow and live fraternity among all beings of this Earth. Believe, My children, that in My Divine Presence, everything is possible if you open your hearts and contemplate My Immaculate Presence within them, because, today, In My Immaculate Heart, I contain all life, all Creation. Within Me, as Mother of all life, of all the peoples and all beings, all things lie there, and you as well, My children.

Recognize each other in My Heart and know that, there, you are all one.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

On the inner planes, where everything is truly carried out, Our Lady of the Peoples comes, on this

afternoon, to sow seeds of Light, that will sprout as the Children of Mary have sprouted, bringing gifts of Grace and Mercy for souls.

Today I have also come to consecrate those who have accepted Me as their Mother of life, as Mother protector and Mother of Love.

In this crucial hour of the planet, in which many things are waiting to take place in this humanity, I ask, dear children, that with the strength of your hearts and the potential of your faith, you not tire of consecrating your lives to My Heart. Because just as I consecrate you daily through transformation and purification, so that someday you may be sublime spirits, I also, dear children, consecrate the Indigenous Consciousness, because that legacy they hold in their essences must be present in this time for humanity, and also for all the universe, which will use this experience to continue evolving and come out of this duality that has taken the planet and the race toward their self-destruction.

I now call the children who are to be consecrated today, so they may be at My feet and I can bless them as the Lady of the Peoples, as the Spirit of Peace, as the Divine Consciousness that fertilizes the human consciousness, the New Race.

Come here, dear children, so that I may bless you in the name of many children of Mine who do not hear Me, who do not look for Me, who do not accept Me nor love Me.

I avail Myself of the love of your hearts, dear children, so that, without nations or borders, My Love may expand throughout the world and embrace those most in need of redemption and peace.

It is through the mirror of your hearts that I can refract Light for the world, the saving Light of My Son, the redeeming Light of the Father, the Light of wisdom that comes from the Holy Spirit.

With each of the steps you take, every day, in a life of service and of prayer, in a hidden way I can work in the planetary consciousness and in all creatures that need to find the path of return to the Creator's Heart.

With the Graces poured out today by My Indigenous Consciousness, present today as the Sacred Spirit in all peoples, I consecrate your hearts and souls so that My Immaculate Heart, which is infinite and immaterial, may triumph in your lives and in each brother and sister, in each child, in each creature that you find on your paths. Because I invite you to become a part of the consciousness of My Love so that the original peoples of the United States recover the love they conceived, the love that allowed them to commune with the Creator, the Love of Jesus and His whole Kingdom.

I bless you, dear children, in the name of the Father, the Son and the Holy Spirit.

Today I want you to sing to Me again in Cherokee, because I will carry this proclamation to the Heart of God with the intercession of simple souls that, living their transformation and redemption, implore for their peers, for their origins, for the true race that conceived that which is sacred and divine in this humanity.

With the Spirit of Grace and of Mercy, I thank you for having helped Me reach Oklahoma and for all I will still continue to do in these days, in this place, with your prayers, in unity with each one of

your hearts.

I love you, and may this year beginning, be a year of greater Mercy for the world and the awakening of those who still sleep in the illusion of humanity.

I give you a part of My Heaven so that you may contemplate it in the universe of your hearts.

Wisdom, much wisdom for humanity.

I thank you!
