Daily Message of Mary, Rose of Peace, transmitted in the city of São Paulo, Brazil, to the visionary Friar Elías del Sagrado Corazón

Today, in My Soul and in My Heart, I receive a beautiful flower, created and inspired by the love of My prayerful children, especially those children who are just awaking to the knowledge of My universal Love.

By this, I want to tell you, dear children, that I am always with those who are awaking to a higher life, and that My Work is supported, as columns of light, by those who have already awoken and are part of My armies of Light on Earth.

In this way, your Heavenly Mother, through the example of the awakening of hearts to a Greater Love, shows you as Cosmic Gardener, how I sow immaterial seeds in all the hearts of the world, and how this love that they gradually discover for the first time, brings them back again to Me, to My maternal garden of Love.

Afterwards, I entrust the souls that awaken to the precious and loving care of Christ, so that at some moment in their lives, they may discover that there is something greater, infinite, and unknown within themselves, through the discovery that the prayer of the heart provides them.

On this day, I receive in My Heart the love of My children, those who were waiting for Me at noon to feel My maternal Love, which comforts them and impels them to continue onward.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
