**WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, TO THE MARIAN CENTER OF THE CHILD KING, RIO DE JANEIRO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

Each effort you make, no matter how small or great it may seem, has the same value to God, because it is an effort that is born from the heart and from the life of the soul that offers itself to God and to His infinite service.

The value of that effort is in love, the love that testifies to the truth and that brings, for souls, the example of the possibility that, in the experience itself, Christ is lived.

For this reason, the efforts are valued by the Celestial Father because He knows that souls do this for real, without measuring limits nor possibilities.

The value of the effort governed by love is internal, and from that inner space is born humility and the fervent intention of serving God.

In this time, the efforts made by the servers of God are lovingly contemplated by the Father because within this offering of each sacrificed heart is the divine intention of being able to help, rescue and save many souls still unknown to you.

May this value of effort, which is given for love, never be erased from you, because the time will come in which this value of effort will also give you the impulse to renew your faith and trust in the Heights.

As Mother of all, today in My maternal Heart I carry the value of this effort of each of My children, in these times in which spiritual and human emergencies are very great and need to be compensated for by those who surrender to God and to the Universe of His infinite Love.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
