SPECIAL APPARITION OF THE VIRGIN MARY, AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, ON THE BIRTHDAY OF THE VISIONARY SISTER LUCÍA DE JESÚS

In the name of the Father, the Son and the Holy Spirit. Amen.

Breathe the pure air of heaven, breathe and enter the Atmosphere of God, the Kingdom of His Creation, the Greater Universe where there is peace, where evil does not prevail, where love expresses itself and joy is shared through being in the Presence of God.

Thus, enter the Divine State of Consciousness so that, from this place, My children, you can hear Me.

Thus, I remove you for a moment from the sphere of the Earth so that, at the moment of this Apparition, you may enter the space where the blessed ones are, as well as the angels that praise God.

Place your hands in reception to receive the pure air of Heaven, the impulses that the Divine Fountain emanates today, not only for this world but also for all Creation.

Today, I have come as the Messenger of the Universe to lead My children to the Consciousness of God, where for a moment they may be renewed and healed, where that which is adverse and contrary does not exist, because, through My Heart, I give you Love, the same Love that My Son gave you on the Cross, at the culminating moment of His last expiration.

Today, place your consciousness in that which is beyond forms and enter the Universe of God through your hearts, enter this safe feeling that brings you the confidence of believing in the Word of the Mother of God, which is the Word of the Divine Word, the Creator Word, from which all once began.

It is there where I want to have you today so that you do not identify with matter, but rather you may unite in spirit with the sacred Source of Creation, where, through Its Mirrors, I will reveal more to you about the existence of Creation, about the true existence of Creation; where the origin emerged, where God gestated the universes and all civilizations.

See yourselves, then, before the great Mirror of Neutrality, in which is revealed a part of the history of this universe, which you call the Material Universe.

I come, through this, to close your unknown wounds, to erase the past, and to place you in the eternal present, from where emanate the impulses of the Love of God for all His creatures.

Today, you can see a world in darkness, in obscurity and in suffering, but why does this still happen? If the Mother of God is here to lead you to Love and Grace, why do my children keep suffering chaos? Why, more each day, do the families throughout the world separate instead of

uniting, and the project of the universal family is always seen in danger? Why do souls have difficulty living in love and being in this love always, which will help them understand all the experiences of life, the whole trajectory of the Cosmos? Who else will risk transcending this duality so that they can finally live the Divine Will?

In this, there is no mystery, but rather the revelation of the deep simplicity and humility of recognizing, within oneself, the Will that God has for each one of His creatures.

I know that for My children it is not easy to attain this transcendence, but I am here, because I am your Mother, and I come to tell you that this is possible, even in these times when the way out is not found, if your devotion and your faith were expanded, the celestial spheres would lead your spirits toward the goal and in this perfect but profound inner communion with the Creator God, they would always lead you to be in His Peace, although you may live battles and deserts, although you believe you will never manage.

I come here as a part of this emanation of the source of the Love of God, as I have come in other times and in other humanities to announce the same Message, in various forms.

Now that you are before this Mirror of the Neutrality of God, see how much history this Mirror holds, of all that has happened throughout this universe, throughout times and the different humanities.

Children, with this I want you to understand that the entire human race of this time is before the doors of living a great opportunity of redemption and reconciliation, but first, you have to learn to love so that you can know the mystery that God still waits to reveal to all His creatures, so that they can understand the infinite abundance of the Love of God.

Today I will tell you a very significant and important story for this whole material universe; a higher story, previous to your race, previous to this planet, when God still thought of that time in which His angels and archangels would carry forward Creation, especially within the material universe.

There was one of His creatures in this local universe, who was loved and recognized by many civilizations and by many origins, as well as by many lakes of Light that deeply knew the existence of this being.

But there was a day when this being made a mistake and, without realizing it, involved by his ambition and power, he forgot the essential, of loving God above all things. Thus, this creature fell, through his great errors and debts. Did Creation, by any chance, judge him for his errors and faults?

In that time, the universe was learning to live in the Law, just as today you learn to live in the Universal Laws; without knowing them deeply, you know within that they are the guide for these times.

But this being that once failed, his ambition turned him blind, it left him in a condition that no other creature of the universe would have expected, as his word, presence and action were emblematic and respected in this universe.

He was a great commander that guided and led many legions, and the center of his existence was

the Purpose that in that time was destroyed by temptation and harassment.

How was this being able to return to the path he had lost?

How was this being able to realize he had fallen?

How was this being able to recover his filiation with the Father?

It is something similar to what can happen to you today, even in the daily things of life.

This being became aware of his errors when his brothers, while even being transgressed by him, helped him and did not cease to love him, because they knew that he was mistaken and that he was blind, far from Love and the Truth.

This being came to Earth in his worst spiritual and inner condition; he had not only lost the values of his loyalty, but he also lost the principles of his spirituality; and just like all of you, he came to live his redemption.

And one unexpected and extraordinary day, he lived his redemption when a potent ray of Love again entered his heart and removed the blindness of his eyes, removed the ambition of his being, because love, Christic Love, converted him completely. And then, at that moment, this being became aware of what had happened.

In the example of this story, would you be able to do the same for a fellow being?

Would you be able to go beyond what you believe you know?

If this being who had fallen recovered his mission, his emblematic spirit, once again being the commander among the commanders of the universe, how would you understand Mercy today?

Evil can appear to be strong or even unbreakable, but in essence, it is weak, because evil does not know Love nor Unity, and you are creatures created in the image and likeness of the Eternal Father, in your souls and essences, you have a molecule of the Creation that allows you to go beyond your limits and your possibilities.

This is why, My children, you are here, on this planet, to live this great process of redemption and forgiveness, because when Higher Love works and acts, there is nothing that can resist it.

Today I want you to meditate upon this message because many of you are already in the face of this time of great redemptions and inner opportunities so that the Plan of God may be fulfilled.

So, in this time, My children, may the center of your existence be love for the Purpose so that you may learn to overcome, every day, just as this commander of the universe overcame, through knowing the Love of God, which he had lost for different circumstances.

Never wish to have power or authority over anything. Always seek, by means of Love, to be empty, so that God can work through your lives.

Never aspire to have anything or to control anything, although sometimes it may be difficult for

you. Remember to withdraw in holy humility and thus you will be in unity with the Father, the Son and the Holy Spirit; thus, you will be able to be precursors of the renewal of this universe.

On this extraordinary day, I come with this inner and deeply loving revelation so that the consciousnesses may awaken, so that they may contemplate the universe and know that, beyond this place and this space there is something bigger that awaits you and expects you....

Thus, just as this being commander of the universe has his history and trajectory, you also have one.

Would you not aspire to know the origin of your consciousness and the purpose for which God created you?

Can you perceive, My children, that life is not only material, that true life is immaterial?

Think of this, aspire to this, pray for this so that your consciousnesses may be firm and decided at this moment of the Plan and that, in spite of the hesitations, you may know how to overcome difficulties and tests for one reason, for Love.

Today I have all the essences commune with this great Mirror of the Neutrality of God; and I want to leave you there, during this day, so that nothing dual can remove you from this space.

Remember that you have entered the Source of Creation and that your spirits have participated in this moment.

Lastly, today I wish to bless one of My visionaries, Sister Lucía de Jesús, so that this day, in renunciation and selflessness, may be surrendered at the Service of God for the souls that suffer; so that someday, in the Return of Christ, we may celebrate the redemption of souls and of the planet, the liberation of the Earth from all suffering and the trauma lived throughout times. Therefore, you must remember your origins, and although you do not understand nor know what it is about, love your origins, and unite to them through a simple and fervent prayer.

May the sacred Attributes of the Mother of God descend upon you and upon your brothers and sisters so that, by means of these Words and of this Message, the fruits of redemption may grow.

Prayer: "Universal Mother."

I bid farewell to you, beloved children, and from this moment on I prepare you for the month of August, in which the Spiritual Hierarchy, just as it was in the month of April of this year, will give a great impulse to all, regardless of where each one is, because, through My Presence and the Presence of My Beloved Son, you will be learning to be united in omnipresence.

So that this may be possible, I will now have you enter the universe of a simple song, which will lead your souls and spirits to reach close to God.

This song is an emblem and a hymn of this Community of Figueira. It is the essential reason for the manifestation of this Sacred Center that, thanks to the Father and the collaboration of many souls, is alive and beats, like a subtle sound, throughout the universe.

I will leave you with the song "Breath of the Spirit."

I thank you for responding to My call!

Go in peace and trust in God.

In the name of the Father, the Son and the Holy Spirit. Amen.
