Today I come to My children so that you may once again hear the Voice of the Mother of God.

Today, I am the Lady of Czestochowa, the Mother of Poland, the Mother of the entire culture of Eastern Europe.

See the Mother of God with Her face wounded by humanity's lack of pity, by the conflicts and wars, by the ostentation that some nations have, of putting all of humanity at stake by means of weapons and oppression.

Poland, as the rest of Europe, a few decades ago, experienced the war twice.

Near the end of the First World War, I came to Fatima, not only as the Messenger of Peace, but also to rescue My children through conversion and the Call of God, the Call that He was sending to them through My Immaculate Heart.

But today, I come as the Lady of Czestochowa, who is the Mother of all people of Eastern Europe, because Her Presence and the devotion to Her Holy Image have transcended all times and all generations.

Today I want you to see My wounded face, the hurt face of the Lady of Czestochowa, the face wounded by the fear of all My children, by the freedom that brings perdition to many souls in the world, by the slavery and the oppression of the world system of this moment.

I come to ask you to pray much more and especially in this very culminating hour for all, to place your attention a little more on the "Prayer for Peace in Eastern Europe." Thus, you will be helping the Lady of Czestochowa to prevent a great nation from unexpectedly invading a small nation. And here, not only the people, the culture, the traditions are at stake, but also the souls and the lives of people become compromised because they cannot live peace.

Enough with transgressing the laws!

Enough with making this world more corrupt!

My Son shed His Blood for you, to save you, and not even this brings a change to those in this humanity who say they are powerful, because they do not know the power of the Blood of Jesus, not only a Blood that redeems, but also that liberates.

Today, I would like to bring you a Message of hope, the hope that I wish for and often feel. But through Our Sacred Hearts, now is the time, My beloved children, for all of you, day by day, to know the truth in Our Words and the warnings that We bring you all, not to generate fear, but rather to generate awareness, discernment and wisdom, attributes that humanity has completely lost.

But My Love opens a very great door for the Mirrors of Mercy to reflect upon this planet, not only through prayerful and faithful souls, not only through the servers and those who are consistent, through the adorers, the devotees and all the believers, but also through the Sacred Mirrors of Creation that the Mother of God brings to the world each time She descends, to be very close to Her children, so that they may enter the Universe of My Peace.

Peace in this world has been interfered with. Many souls no longer know what Peace is because they have lost the peace of the heart. But with the effort of those who fast, of those who pray, every day, of those who consecrate themselves, of those who serve with nothing in return, My Peace, which is the Peace of God, in each new meeting with Me, can descend to the world like a soft Ray of Light before so much darkness to liberate souls from slavery and spiritual oppression.

Today, the Lady of Czestochowa comes to reveal, through this Face, what must never again happen in this world, because all are brothers and sisters, regardless of the language, of the nation, of the people, or even of the cultures. Although they may be different, in essence, all are children of God, all are contemplated equally, all are under the same Grace and under the same Light that comes to you to redeem you.

Therefore, at the request of My Son, I again ignite the Light in the world so that the inner Light, in each heart, may not disappear. Because if the Light of My Son disappears from the hearts of humanity or even from the consciousness of the nations, how will all this end?

I come to bring you this Message because it is an emergency. I cannot tell you anything else, My children. But through My Words, and, above all, through the feeling of My Love for you, you can understand today that something serious is about to happen.

But the door of Heaven is still open through My Presence among you. And through this door, your prayers and supplications can reach God, because the Guardian Angels can bring this offering to the Heart of the Father.

If in this world there could exist at least more than one truly sincere soul committed to the prayer of the heart, how many things could be avoided at this moment!

It is not enough to pray, it is necessary for you to believe in prayer and in the power of the word expressed by each prayer said.

In this time keep strengthening the planetary prayer network, formed by all of My children throughout the world, and unite this prayer network with all souls that pray to the Heart of My Son, because thus the Mirrors of the Mercy of God will work in this world and will be able to transform everything, and everything will be relieved.

I also place My Heart and My gaze upon all the needs and situations of the world, upon My children who go through climate change, exile from their own nations or even those who experience disease.

But violence in this world has crystalized and this makes of the world a planet in chaos, in adversity and in danger, in imminent danger, because people no longer respect, let alone give reverence to one another, because among brothers they only live aggression and wound one another.

This makes of the society of all the peoples of this planet a vulnerable, hostile and fragile society. But all this can be solved through prayer.

Do not expect great results, because, remember, My beloved children, that you are going through the Armageddon, and this has not begun yet. Therefore, it is important for you to be strengthened and to strengthen unity in your families, if they may be together or separated. Family unity has also been destroyed, in the last decade, to the point that family members do not recognize nor respect one another.

Bring Me all your difficulties and tests, and I will take care of your families. Be peace-makers, be instruments in the Hands of My Son so that the main cell of the Project of God may fulfill the Will it came to carry out.

Today, everything is urgent. This is why the Lady of Czestochowa presents Herself to open the eyes of Her children, as the change is not taking place. Therefore, we must pray and begin a vigil before the Most Blessed Sacrament of the Altar so that the Codes of Christ the Redeemer may descend to the planet.

Today, I come with a humble petition for you, that, with Me, you adore My Son, so that you may accompany the feeling of the Mother of God, that all Her children may step out of the darkness in which they are.

Therefore, My Son needs victims of His Love, capable of living something, capable of offering something that perhaps they might believe they cannot do, just as many saints and many sages, who, throughout the times, have offered themselves as victims of the Love of Christ.

This is the only remedy I have in order to be able to intervene in this planet with My Grace, that there may be postulants to be victims of the Love of God, because it is an inner attitude that leads

you to discernment and maturity before what the Plan of God means for this moment.

And before we proceed, beloved children, to the Adoration of the Most Blessed Sacrament of the Altar, for peace in Eastern Europe, be aware that this will be the moment when your hearts and souls, in the silence of Adoration, will be able to offer to God each one of your intentions and supplications, not only for yourselves, but also for the whole world, for all that happens, so that greater stability may be established and greater balance may be expressed in the hearts that are away from God, in the hearts that experience injustice throughout this world.

Before this, I want to tell you something important: that Our Sacred Hearts, the Sacred heart of Jesus and the Immaculate Heart of Mary, will have, next year, the Grace of spiritually working in the Nordic countries to bring a Message of peace and relief.

At that moment, the Northern hemisphere of this planet will have the opportunity to be strengthened in the inner planes. I would like you to pray for this cause, as it will be an important task that My children here in Portugal will carry out for all of you and for humanity.

For the first time, I will be able to enter Russia. For years I have been waiting for this moment, so that My Immaculate Heart may be sown in the soil of this nation. Therefore, I ask you to pray very much for this, so that My angels may carry out this sacred mission, together with My children.

Let us adore the Lord for peace in the world and for the end of war, of conflicts and of all tension between peoples and nations.

Friar Elías del Sagrado Corazón de Jesús:

In the name of the Father, the Son and the Holy Spirit. Amen.

Let us adore the Most Holy Eucharistic Body of Our Lord Jesus Christ.

Let us pray together:

*Celestial Father, Who leads all,
accept our offer of surrender to You,
guide us through the path of love,
so that Your Will may be done.*

*Amen.
(three times)*

In the name of the Father, the Son and the Holy Spirit. Amen.

Thank You, Divine Mother, for all that You give us!

In this meeting, we honor You, Lord.
