APPARITION OF THE VIRGIN MARY IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

In the name of the Father, the Son and the Holy Spirit. Amen.

Keep calm, so that the whole world may be calm tonight and, in the sacred quietude of the heart, it may find the path of return to peace.

Today, your Heavenly Mother and Mother of humanity brings, on the palms of Her Hands, the Creative Principle of the Child-King, that Sacred Purpose that the Eternal Father thought of at the beginning for the salvation and redemption of humanity.

I know that you will not understand what this means and represents, My children, but today, through the portals, I bring the presence of the Sacred Grotto of Bethlehem, where this mystery took form and incarnated through the little Child, the Messiah. Today I confess to you that, also for your Most Holy Mother, it was a revelation at that time.

This means that the mystery becomes unveiled and that the essence of the Child-King shows itself to the world, at this very moment, for all those inner worlds of humanity, for all souls without exception, even those that are lost and far away from the Father.

This was the Sacred Essence of Creation, which the Child-King brought to the whole world. There was no other way to concretize this so awaited mission, if not through a humble and poor place such as the Grotto of Bethlehem, where not only the Sacred Family of Nazareth, but also all those who participated in that event, beyond this planet and beyond the stars, were witnesses of this sacred revelation.

My children, in these critical times of the planet, when war prevails instead of peace, today, with My own Eyes of a Mother, I want to know, I want to see this Sacred Essence of the Creator, incarnated through Jesus, present itself to the world in the inner planes and through the Inner Sanctuary of the Kingdom of Lys. Thus, your Guardian Angels and all the angels of the universe may also be witnesses of this sacred moment. They may be adorers of this sacred revelation that once incarnated in the world through a Little Child, through God Himself, who made Himself man for your salvation, for the salvation of the whole human race, from that time up to now, and from this moment up to the end of times.

This is the inexhaustible and inner Creative Essence that My Beloved Son deposited as a Spiritual Legacy, not only here in the Inner Sanctuary of Lys, but also in all the Inner Sanctuaries of the planet, especially throughout all of the Americas.

My children, this is why I invite you to change dimension and frequency at this moment. Thus, you will be able to know once again that, beyond the suffering and chaos that reign on the planet, there is a Supreme Reality that awaits you, and spiritual treasures present for each one of My children, which wait to be revealed to all those who are pure in heart, to the pure of intention, to all those who do not want anything for themselves.

This would not have been possible if Saint Joseph had not embodied the Principle of Humility, or even if your Most Holy Mother had not embodied the Principle of Original Purity. This scenario, prepared two-thousand years ago, allowed in these times that this revelation could come to your consciousnesses and to the consciousness of all your brothers and sisters on the planet.

I bring you toward this Creative Principle today, in which your gaze must focus on the Purpose, when your spirits must aspire to attain the same aspiration that My Immaculate Heart and the Chaste Heart of Saint Joseph attained long ago.

In synthesis, My beloveds, through My Humble Hands, which reveal the Creative Principle of the First-Born, the Son of God, the Messiah, souls will be able, here and now, to find the emergence of the New Humanity, free from chains, free from errors, free from sin, free from suffering, from pain, from all that separates them from God.

I know that all that I say to you sounds symbolic, but I assure you that it is not so. The Living God, through the Little Child, has sent Me tonight, to reveal this Message to inner worlds and souls.

In simple words, My beloved children, the Creative Essence of Christ comes to remind you that all must return to the Source of Creation and that your own lives must be transformed according to what is thought of by the Father, because something wonderful awaits each one of My children, something that will be revealed upon your paths when you strictly follow in obedience that which the Primordial Source determines, although that seems unknown at this moment.

If souls do not fix their gaze on this Creative Essence of Christ, and if the majority does not do so in these times, what will happen to this humanity? What will happen to this planet and this surface?

We are at a moment and a time similar to those of the Birth of the Messiah, the Redeemer. The Living God incarnated through His Son in Body, Soul and Divinity, to demonstrate that His Powerful Presence is simple and poor, that His Majestic Presence is loving and wise.

These are the Attributes that the world needs today, not only to repair the endless path of its errors, but also to recover the purity and innocence it has lost. An innocence and purity that are being stolen, that are being placated and dissolved, not only through war, but also through all that happens in this humanity.

God has His Gaze placed upon humanity at this moment. He sends Me as His Portal, as His Messenger, so that the world does not forget that it must recover peace.

What My venerable companion Saint Joseph left to you on last December 19 was important. Determining and transforming Words for you to someday achieve the Creative Essence of Christ, and be united to this Essence.

Within all that Saint Joseph has said to you lies the beginning of your paths, paths of transcendence and transformation.

In this way, you will quickly achieve what I ask of you, because God is thirsty for souls that can radiate His Attributes and Principles, who can be a mirror that may reflect, on this planet, all His Commandments, especially those that were transgressed and violated by the very humanity of the surface, due to its ignorance and ironical behavior.

Through the Creative Essence of Christ, may this Birth of Christ, which once more presents itself and takes place in the hearts open to receive it, allow the world and humanity to find a path not only of lasting, peacemaking, impersonal and wise solution, but also of return to the House of the Father. Because this will allow the millions of souls present on this planet to resume the path of the Purpose they have lost for different causes and reasons, and through the guardian angels that accompany Me in this culminating hour, this also allows the ardent Aspiration of God to be attained, that aspiration of seeing all His Creatures in His Kingdom, just as the Sacred Family was in the Kingdom of God, even while living on this planet.

Today I will carry, within this Creative Essence of Christ, the intentions, supplications, pleas and all implorations of the pure and humble in heart that, at this hour, no longer seek anything for themselves, but rather the good and charity for others, and peace for peoples and nations.

Today I carry, in this Creative Essence of Christ, the offering of souls and each one of my children's Guardian Angels, which have managed to write, in their own Books of Light, the steps of redemption and love of those who keep attempting to take them, every day.

Although it does not seem so, all that I have said at this moment is that which maintains the doorways to Mercy open. It is that which still allows, at this end time, for the Spiritual and Divine Hierarchy to be present in this humanity and on this planet, because Their Voice, the Voice of the Hierarchy, will never tire until It sees the fulfillment of what It has promised the Creator.

Through the humble and poor Grotto of Bethlehem, at this very moment and at this very hour, in any part of the world, anywhere, may all families and especially all children be touched by the Creative Essence of Christ. Thus, they will be protected from this madness of the planet at this culminating moment, and, in these little essences, not only will the Child-King be reborn, but they will sustain within themselves the purity, innocence, love and joy of being part of the New Humanity, of the One-Thousand Years of Peace.

I bless you and consecrate hearts to the Child-King.

In the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón de Jesús:

At the request of our Most Holy Mother, we will sing, accompanying the choir, the song "Silent Night," allowing at this moment, through the symbol of the light of the candles, for the darkness of the planet to be dissolved and for the neediest places to receive the Peace of the Sacred Family.

Let us sing.
