SPECIAL APPARITION OF THE VIRGIN MARY, IN NAVARRA, SPAIN, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE MEETING OF PRAYER OF JULY 16, ON THE OCCASION OF THE BIRTHDAY OF THE VISIONARY SISTER LUCÍA DE JESÚS

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

Today, the Light of My Greater Mirrors reflects upon this lake to represent to the world the beginning of God's Creation, the origin of the Supreme Source, where everything once began. From where God emanated His First Thought, ardently wishing, from the innermost depths of His Eternal Heart, that His Children, all creatures, might exist to recognize and love Him, to adore and praise Him, just as He would also recognize, love and embrace each one of His Children.

From here, come the Mirrors of the Science of My Peace. And through them, I radiate to the world and all the universe the attribute of My Peace, a blazing flame of Hope of the Mother of the World, which permeates all spaces, dimensions and planes, where My Mirrors work for the pacification and redemption of souls, which one day must return to the Source of God, from where they once emerged, from where essences were once emanated to form part of this trajectory of sidereal learning experience.

Dear children, may this Peace, which comes from My Mirrors and My Supreme Science, manage to embrace the spaces in the world where there are conflicts. In this way, all planetary life will be repaired, and this life will be rehabilitated inside and outside of beings, so that they may attain the dignity of being Children of God, because no one in this world or in any other place of the universe, regardless of their error or of the consequences they have lived, loses the dignity of being a Child of God.

Those who are still not worthy Children of God today, it is because they are far from Love, it is because they are far from the Truth, it is because they have moved away from the Light.

Therefore, as the Mother of the Dawn and the Mother of Life, as the Queen of the Mirrors of the Cosmos and of Divine Science, I come today to open once again the door to My Peace, to the Spiritual Universe, so that souls and especially the inner worlds may recover the opportunity of being worthy Children of God, of knowing that, despite everything and all tests, God is there, contemplating His Creatures, contemplating His Creation, renewing Himself through the renewal of His Children, sanctifying Himself through the sanctity of His Children.

Thus, Creation is recreated time and again.

Just as a new star is born or a new sun emerges; just as a nebula or a constellation renews itself, so the life of My children also renews itself, because everything is a part of a cosmic and evolutionary

dynamics. It is a part of the Spiritual Mystery of God, which emerges as an impulse from the Source, a continuous, permanent and renewing impulse, which makes all His Creatures partakers of Higher Life, of Divine Life.

Just as My Mirrors, the Mirrors of the Science of My Peace, descend to the world today, so I wish that your aspirations may be elevated and, above all, that your hearts may be elevated to the universe, so that they may enter through the portal to the Source of Creation of the Eternal Father, where the angels, the archangels and all Hierarchies, silently work for the evolution of the Plan of Love.

Before this Source, contemplate your origins. Before this Source, remember the origin of your essences, of that small particle of God's Cosmic Love, which was deposited in each one of My children. This particle can never disappear or dissolve, regardless of the evil that may exist in the world or the darkness that souls may experience.

The Christic particle of God's Love is inexhaustible and renewable, and it grants dignity to all creatures because they are a part of God's Will, of the ardent desire that the Eternal Father may have His Children in His Arms, just as your Heavenly Mother has Her children under Her Mantle of Light, under My starry Mantle of the universe.

May the Mirrors of My Peace reintegrate the attributes that humanity is losing, so that nations may live in peace, so that peoples may live in peace, so that this race of the surface of the planet may rise again, just as the dawn rises again every day, bringing the light of the New Aurora, opening the door of redemption to all creatures and consciousnesses, renewing the life of My children inside and outside so that they may live in the Happiness and Joy of God, for feeling loved and contemplated by the Celestial Father.

Just as your Celestial Mother contemplates you before the Light of all Mirrors, before the consciousness of all tools of the Spiritual Hierarchy, which is in constant offering and sacrifice for the redemption of the planet and of this race. Today your Sidereal Mother speaks to you, the Mother of all Creation and all life, who gestated in Her Womb the Son of God, the Messiah, your Savior and Redeemer, the One Who died on the Cross for you and shed His Blood for you, for your conversion and salvation, so that you might have life in abundance through the Sacred Tree of the Life of Christ, your Lord and Master, the King of the Universe.

Before the presence of this Divine Science, which presents itself to your inner worlds and souls, may everyone commune again so that everyone may be reborn in Christ and for Christ again, in the name of His Love and His Mercy, fully trusting in the coming hope, in the promise that will come and will be fulfilled in the moment of the Return of Christ.

In the same way, the Light of all Mirrors will participate in this moment. When the Heavens open and the Mirrors ignite, the Son of God will descend in Glory, together with all the universe, which will follow Him in procession and bliss.

Thus, in the name of all Creation and of the Supreme Source, He will renew everything, inside and outside of beings. And those who have trusted until the end will rejoice and will receive His blessing, the blessing of the Supreme Son.

And just as the Sun of the Life of Christ nourishes all of the universe and all life, so will the Mirrors of the Mother of God nourish and renew all life and all the surface, rebuilding the pillars of God's Attributes for this humanity, and reopening the bridges of union between Heaven and Earth, between souls and God, just as Christ did on top of Mount Calvary.

On this day, I come to bless one of My Mirrors, among so many Mirrors of My Immaculate Heart. I come to bless My daughter Lucía de Jesús so that effort may always be the key for overcoming, for consecration and for the spiritual union with Christ, the Celestial Spouse.

I come to bless the steps of My daughter Lucía de Jesús as a visionary and as an instrument of the Spiritual Hierarchy so that she may continue to be an instrument that grants Graces to souls that are thirst for the Light of the Hierarchy, thirst for the Love of the Hierarchy, thirst for the embrace of the Hierarchy, so that many more instruments may be at the service of God on this planet, without anything in return, with the only goal of dying for themselves a little more every day.

Therefore, I bless the bravery of My daughter Lucía de Jesús. Under the spiritual protection of My Spouse, Saint Joseph, may she continue to reflect and represent the Celestial Brotherhood on this planet, until the last soul crosses the threshold to Paradise.

Thus, I envelope My daughter Lucía de Jesús with the Light of My Mirrors and especially the Great Mirror of Love of My Heart, the Love of a Mother that welcomes and accepts, the Love of a Mother that renews and heals, the Love of a Mother that cures and transfigures consciousnesses, the Love of a Mother that consecrates and encourages Her children to follow the Steps of Christ until the end.

May the souls of this world receive the Light of My Mirrors so that peace may be a reality on this planet, and especially where it is most needed at this moment.

Continue to pray with Me with fervor and devotion.

Friar Elías del Sagrado Corazón de Jesús:

So that this Light of the Mirrors may permeate the innermost depths of the planetary consciousness, of the soul of the planet and of humanity, we will say, before the Mother of God, the Queen of Mirrors, the prayer of the Universal Mother for three times, so that the Attributes may materialize in the consciousness of our humanity, of nations and peoples, and especially where they are most needed.

We praise You,
O Universal Mother.
Full is Your Grace,
Unity is in You.

Sacred Feminine Energy,

You gestate within Yourself the New Humanity.

O Supreme Universal Mother,
intercede for us,
beings from the surface of the Earth,
so that we may consecrate ourselves
as worthy Children of God,
in faith, in light, in peace,
in protection, in healing, in unity,
in love, in forgiveness, in reconciliation,
in charity, in humility, in transmutation,
and in fraternity,
now, and at the moment of our total
and final surrender to the Creator Father.

Amen.

And just as Heaven opens within My children, in the same way may your hearts always open to the Higher Universes so that this perpetual communion with the life of the universe and with the Hierarchy may always be present, regardless of all consequences and all events.

I give you My Peace and My blessing, thanking you for having responded once again to My call.

The Queen of Mirrors and Life blesses you.

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

Go in My Peace.
