**WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN NAZARÉ, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

**To My young children, potential peacemakers of Christ**

Dear children,

On this day, may all the youth of the planet, who gather to honor and praise My Son, be potential peacemakers of Christ.

A young peacemaker is a bridge that unites the differences among his brothers and sisters.

A young peacemaker is a potential apostle of Christ.

A young peacemaker recognizes in themselves their human nature and transmutes it through their sensible union with nature.

A young peacemaker never loses their dreams and aspirations, which every day must be offered to Creation.

A young peacemaker learns to assume great responsibilities, without fear of being wrong, because a young peacemaker, by serving, will learn to grow internally.

A young peacemaker does not fight, but defends, from themselves and from the world, the values of peace, respect and tolerance; so that in every place that the young peacemaker crosses, harmony is reflected.

A young peacemaker opens their consciousness every day, to transform their fears into strengths, their learnings into spiritual riches, their skills into honest acts of donation.

A young peacemaker never goes backward, but moves forward. They walk with determination in order to fulfill their goals, which must be surrendered to the Feet of the Creator.

A young peacemaker is a pure potential of consecration, whether in the life of the spirit, in the family or in the Sacred Sacrament of Marriage.

A young peacemaker does not defend themselves, they do not attack physically or verbally, because their essence is peace, which dwells in the center of their soul, of their consciousness and their spirit.

A young peacemaker is a climber of their dreams, they are able to encourage themselves to cross their own abysses, they are a guardian of their own Spiritual Purpose.

A young peacemaker is an honest friend of Christ, is the one who assumes to bear the cross of the world, beyond themselves, is a constant expression of joy and renewal.

A young peacemaker is a missionary soul, who incarnated in this world for a Greater Purpose.

Today I give my maternal blessing to the young applicants for peacemakers, because I know that it is a challenge for each one of them to live the life of the spirit in its entirety.

For this reason, I am grateful for the brave young peacemakers, who until now have been able to go beyond themselves and cross their own barriers and limits.

To the young peacemakers, gathered today at the Youth Festival for Peace in Brazil, I ask you to be a source of renewal, to be promoters of change, of the joy that this world needs so much.

I am with you, and once again I thank you for deciding to respond to My call.

Who loves and blesses you,

Your Mother, the Virgin Mary, Rose of Peace and Guiding Star of Youth
