**DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE CITY OF MONTREAL, QUEBEC, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

The Christic life of each being is immortal and always continues to evolve according to their needs for learning and maturing. It is accompanied by the soul, which is what most learns from all the inner and essential life, because it corresponds to the soul to carry out the synthesis of all the experiences it has had here on Earth.

The soul has the mission of carrying all the learning acquired in this school to its higher nuclei and, from there, move forward with an evaluation about the successes achieved and errors committed so that, in the next stage of its lessons, it may assume certain principles it did not live before, nor applied as paramount.

The school of Christic life is based upon the absolute love that a consciousness can widely develop during its incarnation.

In the majority of cases, souls not so awake to the life of the spirit only hold the experience of a very personal love, and when the time comes for them to move on to new schools, the love of those who surround them gives impulse to their spirit so that they may feel encouraged to find ascension and, in this way, definitely unite with the Greater Love that created them.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
