Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Today, may peace reign between humankind and God, because the Savior having been resurrected in the hearts of the simple, once again the Light defeats the world and the Kingdom of God has Its victory over Its enemies, leading them into rehabilitation and then to the experience of the redemption of their heart.

Dear children, the angels sing in chorus: Hallelujah! Jesus rose from the dead and has established the Supreme Will in the consciousnesses that were lost.

Thus, children, live this day as a day of redemption and of inner liberation. Christ left the sepulcher to demonstrate that the eternal Spirit never dies and that it silently acts in hearts that with great humility welcome it in.

Raise your hands up to Heaven and give thanks to the Creator for having sent the Redeemer of all ages and of all centuries; for having recognized and accepted that Jesus rose to His greater Glory, you have opened the doors of His Mercy so that it may reach your fellow beings.

Dear children, gather together in constant praise and allow God the Creator to partake in the Glory of the work that His beloved Son has done.

Now that your chains have broken and your souls have been freed from shipwreck, see before you the new harbor that welcomes you to begin to travel new paths, the paths of the Lord.

Your union with My Son will make you strong while at the same time, will help you to find the path of holy humility.

Reveal to the world your surrender and know, My children, that your Mother feels bliss and joy, since many hearts were able to recognize the Savior as the only Master and Redeemer.

Rehabilitated by this Sunday of Resurrection, go through the doorways of the new consciousness and, through your school of purification, renounce whatever it may be, waiting in silence for all that God, in His Love, will send you.

In this way, dear children, be worthy in the Lord and happy on this day of great planetary resurrection for all lost souls.

I thank you for responding to My call!

Who finds you rejoicing, on this day of spiritual resurrection,

Your Mother Mary, Rose of Peace
