**WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

In the name of the Father, the Son and the Holy Spirit. Amen.

My beloved children,

Under My Mantle, I hold today the most urgent causes of the planet, which have gravely wounded the Heart of God in this 2023, a moment when humanity is confused and lost, in which intolerance and violence prevail, rather than love, truth and justice.

Behold, under My Mantle, each one of the situations that the Hierarchy attends to, although such situations also bring it a sense of urgency.

Behold the clamor of all peoples, nations, families and those who cry out for help.

Behold, children, the great need of humanity and of the whole planet.

Today, I come here to show you this, so that you may contemplate it with Me in prayer and, even more, in supplication, because the world needs an immediate solution. And know that not only My Heart, but also the Hearts of all the Hierarchies, are attentive to each moment and each situation.

I come to hold each one of the urgent causes under My Mantle, because the world and humanity cannot find a way out, can no longer see the path of peace and harmony.

This is why, children, despite the seriousness of the situation, all those who have prayed in the year that is now concluding, have sustained, together with the Mother of God, each one of the causes of the souls that cry out and ask for help.

This is why God, the Father, once again sends His holy angels to Earth, so that, through His legions and all His commands, they may help humanity, which is losing the values of loyalty, unity and understanding, which are essential foundations for human fraternity and the common good.

I want you to know, My children, that the true prayerful beings committed in daily life and throughout the ages, have helped the Mother of God very much in all that which your Heavenly Mother attends to at this crucial moment of humanity.

My children, I am here, at the doors of the last day of 2023, so that a new year of greater love, greater justice and hope may begin, because souls, peoples and nations must no longer continue to break the Law, and thus distance themselves from the Truth and the Wisdom that God can give them.

Therefore, this is the time and the hour to sustain the bridge that is breaking, so that this union between Heaven and Earth may be re-established at every moment and in every need.

Do not allow love to die in you or in your brothers and sisters.

In the name of My Son Jesus, the King of the Universe, I tell you again to love one another as He loved and still loves you. There is no other way out, My children, because many, many among My children in the world have lost the essence of Love.

And this essence of Love, which is the essence of life and of all creation, needs to re-emerge in the hearts that have distanced themselves from God, in the hearts that have closed and do not open to listen to the Good News of the Return of Christ, because they have lost faith, because they have lost love, because they have lost hope.

Tomorrow, December 31st, the last day of 2023, I ask souls, in the inner worlds, not to forget the Higher Universes that will be attentive, once again, to the voice of supplications.

Great Mercy is needed. Souls need Grace and they need to recover love, to be reborn in Christ, who is arriving.

Children, once again I will be with you tomorrow, as the Aurora that announces what is new, as the dawn that brings life and renewal, as the Breath of God that announces the Advent of Christ.

On the day of the Mother of the Divine Conception of the Trinity, the Altars of God will be open, because the angels will open their doors to welcome the offerings of hearts and, above all, of the Blessed Sacrament of the Eucharist, which will be offered for a higher goal, for a higher good, for a higher purpose.

May 2024, a year that foretells the Return of Christ, be a year of greater mercy and peace, greater fraternity and justice in the world, especially for the most innocent and for families.

Behold the Mother and Lady of the impossible causes, your Advocate, Mediator between souls and God, Consolation for the afflicted, Hope of the poor, Refuge of families, the Mirror of the Justice of God.

I wish the good for everyone. I am here and I Am your Mother, the Mother who does not stop, and does not take rest, the Queen of Peace.

I thank all those who respond to the Call of God in these critical times.

My blessing is upon the just and the unjust. My blessing is upon the servers, but also upon the sinners. My Son wants the salvation of the whole world.

In the name of the Father, the Son and the Holy Spirit. Amen.
