MONTHLY MESSAGE OF GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

After twenty-six years of preparation of the spiritual foundations for My long awaited Return, through the work and life of the Light-Communities of My Heart; today I come to announce a special Grace that in critical times will try, above all, to spiritually elevate the life of humanity through the sacred values that it must express to all universal Creation.

It is for this cause that My merciful, glorious and living Heart grants to the International Humanitarian Federation, in the name of My living Heart, the divine and autonomous permission to spread all the works of fraternity, service, healing, instruction and prayer that all My selfless volunteers carry out.

This will mean to your Master the unique opportunity that, through a space in the channel of communication Misericordia María TV, you companions, lead the world to know this Work of redemption, love and Mercy that has been carried out for twenty-six years with the Mineral, Plant, Animal and Human Kingdoms.

In the name of the ultimate Creator who governs everything, I wish you to relieve My Heart outraged by the disasters and punishments that the Younger Kingdoms and also the Human Kingdom have received.

If the world knew the Work of service and rescue that is carried out through the union of all Associations of the Fraternity, this would widely help all the human beings, that are not interested in the Kingdoms of Nature, to find out the value, the reverence and the compassion that the younger brothers and sisters of nature deserve.

After My last visit to northern Brazil to spiritually work in the Amazon, an atoning door was opened to this part of the world. That is why your Master, joining you in this mission to value life and Creation, lovingly requests that several spaces dedicated to the diffusion and knowledge of life and of creation on the planet, manifested in all the Kingdoms to be included from now on within the calendar of meetings with the Divine Messengers, in the schedule of Misericordia María TV.

I wish for humanity to come to know what a mineral is and how it lives spiritually. I wish for every human being of the surface to know what a plant is and what an important mission it fulfills. I wish for you to love the Animal Kingdom as you love your own lives. Thus, you must know why God created them and why they exist.

I also wish the world to be motivated to serve their neighbor through the spirit of charity, so that the majority may step out of themselves and there be no longer borders or languages, only the profound language of your hearts.

If in a short period of time My request were put into practice, the world could suffer less from purification. If millions of human beings placed their interest in the Kingdoms and made works of

restoration of all evil that is done to them, there would be no third world war. I will give inner and humble powers to anyone who is willing to offer a great reparation to God.

Companions, today, before the Creator and the celestial choirs, I open this door for you.

I wish the International Humanitarian Federation and the life in the Light-Communities, as well as the appreciation of the Kingdoms and the healing of all beings, to be known. This will placate the actions of evil in the world and My Sacred Heart will grant some more time of peace.

It is for this purpose that today a spiritual and material union is instituted among Misericordia María TV, the International Humanitarian Federation and all those who would lovingly like to be part of this diffusion of the creative life of the planet.

From Heaven We expect humanity to deeply value and love what God has given you since the beginning.

Under the glory and the Grace granted by all these things, be blessed.

Who always loves and supports you,

Your Master, the Glorified Christ Jesus
