DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF TUSAYAN, ARIZONA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In a spirit of sacrifice and surrender, launch your heart into the unravelling of the mysteries of the Universe, as well as into the depths of the Earth.

With love, embrace what is unknown to you and give thanks to God for the Mercy granted in your life, of being so close to His Grace and His Truth.

In a world of so much ignorance, child, your spirit must be joyful for being a part of the cycle of revelations that begins for all humanity.

Open your heart to what you have never learned.

Open your consciousness to discover what was hidden within your soul.

Let the remembrances emerge, and that which you did not know to have experienced may arise as a way to propel you toward the new, the sacred and the sublime.

Let your soul face new horizons, because the tests of these times will be new and for this, you must be ready.

Let gratitude be the key always held within your hands to open the doors of the Heavens.

Let humility be your protective shield in this battle of ignorance and vanities, from which humankind tries to get out of and often does not manage to do so.

Let prayer be your harbor and the Heart of God your breath.

Breathe His Presence and radiate His Peace; in this way, you will realize that even what seemed most hidden has always been in front of you, in the Heart of God.

The Most Chaste Saint Joseph
