**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??????**

For the divine Life to find in your heart a door to enter into humanity, you must have the manifestation of this life as priority.

When you are conscious that the most important is the union with God, you do it at each moment and you do not need to be closed in a chapel for this, because there are many forms to be united with the Father and one of them is to be His worker and building in the world His Work, so that not only you, child, but many others, unite themselves with Him.

You would not have to lose the opportunity to contemplate the Heart of God and to be perfectly united with Him, but as long as your tasks are still for yourself, they will separate you from God and, even if you believe that you do it for Him, you will not be able to find this union in your work.

The depth of the consciousness of each one is only known by themselves, and if you search it within you, you will know if your intention is to build something for God or if you are searching to big up yourself and receive the merits for fulfilling these tasks that you help to manifest.

Why did Santa Teresa of Jesus attain contemplation, if she spent so many days and so many hours occupying herself with foundations, constructions, with forming consecrated beings, with contacts in society?

Because she knew that what she was doing did not have any other end but to manifest a work that allowed the union of the human heart with God.

How could Father Pio contemplate if he was so busy with confessions, with administrating the construction of a hospital, with the pain that the wounds on his body caused him and also the wounds of his heart, caused by the incomprehension of beings?

Because he knew that everything he did had no other end but to expand a divine reign whose king he was not, it was Christ.

Child, if you want to grow as a soul, as a consciousness and as a servant of God and if you want to be a real instrument of God and builder of His Work in the world, forget from now onwards the merits that you may want for yourself.

If you are doing something and deep inside you gratify yourself for manifesting it, meditate and ask for mercy for your ignorance and for wanting to be recognized for a work that is not yours. In each moment, meditate on your intentions, and everything that you do, do it for God and not for yourself.

If in your activities you exercise what I tell you and in everything you are searching to please the Lord and to create conditions so that humanity has a form to unite itself to Him, when the moment to pray arrives, it will not cost you so much to find the Father, because in no moment you left Him.

Thus, child, your life will not be anymore an eternal falling and getting up, an eternal distancing and approaching yourself to God, and every day, in every liturgy, you will have the opportunity to unite yourself even more with Him.

The possibility to evolve and to fly to sublime worlds or to stay within yourself, with the illusionary merits of a task that is not yours, remains in your hands.

For the inner growth of humanity and its union with God I tell you these things.

I leave you My blessing.

The Most Chaste Saint Joseph
